

Enterprising Club Members Make Money in Laundry

Members of the Torrance Women's Club who put their energies to work to raise funds for their club house by working in the Torrance Half-Hour Laundry and Cleaners for two days, know all about laundries now in addition to having reaped a nice bit of profit, thanks to the cooperation of Paul Burns, owner of the laundry located opposite the State Unemployment Office on Craven.

Those working on the committee and in the laundry were: Mmes. H. J. Osborne, M. A. Bauman, Grover C. VanBeveren, A. E. Palmer, Hugh Bowman, Jim Burnett, Nicholas Gregory, K. D. Eggen, and Herman Mitchell.

The ladies say they will "good H. Galt" in October. They worked hard but had a lot of fun—no one fell in or got dyed, they said.

Multiple Sclerosis is almost impossible to diagnose.

Expecting? Why Not Attend Class

The fall series of expectant mothers' classes to be held in the Torrance Health Center, 2300 Carson st., Torrance, will start Tuesday, October 6, at 1:30 p.m., according to Dr. E. A. Kogan, District Health Officer for the County Health Department.

The course, given by the County Health Department, is designed to assist prospective parents in planning and caring for the new baby. There is no registration fee and no text books are required. Diplomas will be given to those who attend the required number of classes. Dr. Kogan said.

Programs have been mapped out by Mrs. F. P. Foley, Mrs. A. E. Palmer and others interested in the club's two summer projects, the rummage sale and the laundry project.

Breakfast and a card party D. Piegling, Mrs. M. A. Bauman, are being planned in the fall, but Mrs. W. Thomson stated that the year books will be ready for the first meeting. She would also like to chairmen to submit what in-

The groom is the son of Dr. and Mrs. Milton Metfessel of Los Angeles. Dr. Metfessel is a professor of psychology at USC.

Gowns

The bride wore a gown with the bodice of chantilly lace and the skirt tulle over taffeta, a small train, and a fingertip net, white plus head piece. She carried a bouquet of orchids.

Mrs. Carolyn Bunton, matron of honor, wore a lime green tulle over taffeta gown with carnations to match.

Miss Emma Carstens and Miss June Anderson served as bridesmaids. The former wore a lavender gown and a bouquet of matching ferns.

Mrs. E. Rehwoldt, the bride's mother, wore a blue chantilly lace over taffeta gown and carried a white orchid. Mrs. Metfessel, mother of the groom, chose a crepe de chine grey tulle gown and wore a purple orchid. Both women wore white accessories.

The bride was given away by her father in the double ring ceremony. Miss Metfessel, brother of the groom served as best man.

Studing

Miss Rehwoldt will continue her studies in education and music at Pepperdine College. Her husband is an instructor at Compton Junior College and is finishing his work for a PhD in educational psychology at USC.

Following the reception in the church parlor and a gathering of the immediate family at the bride's home, the couple left for a week's honeymoon up the coast.

The aircraft industry in California, recovering from small declines earlier this year, rose to a new postwar high of 2,055,600 in mid-July. The gain of 2,100 aircraft workers between June and July marked the largest month-to-month increase in this industry since December 1952.
