QUICKER THAN . . . Another Alter Realty office, the tenth, has been added to the Torrance sky-line. The office, which is located at 20320 S. Western (across from Mayfair Creamery), is open seven days a week.

## Open New Alter Realty On Western

Another branch was added to the already numerous offices of Alter Realty and Insurance last week.

Managed by Richard Hale, the new office, located at 20320 S. Western (across from Mayfair

RICHARD HALE . . . office manager

Creamery), puts the count of Alter Realty offices at ten.

Hale states that the new office was opened because of the excessive traffic going by in that area and the large amount of near-by land handled through his firm.

The manager stated that Alter Realty built up to its present size since it started in 1946 with its central office at 1436 Marcellina ave, where it still is. The present staff of the combined offices totals 55. Hale stated that his firm handles the largest volume of real estate in the Harbor area.

Hale is joined in his new office, which is open from 10 a.m. till 6 p.m. seven days a week, by Miss Carol Neldon and Miss May Lewis. The manager has been with the firm one year. He has a general contractor's license and built homes prior to his association with Alter Realty. Hale lives and was born in Torrance.

## Nursery School

Dr. A. J. Hull, superintendent of the Torrance School system, recently stated: "The Cooperative Nursery school experience of the Torrance school system has been very successful to date, from the point of view of parents, children and the district. The gains of an understanding of child growth and development on the part of all the parties involved have been tremendous." An orientation meeting will take place at the home of Mrs. J. Schmidt, 1220 Maple ave., to discuss adjustment to the car pool and the duties of the mothers, during the session of schools.

## Lions Club White Cane Day Slated

Widespread community support of the Torrance Lions Club White Cane Days, scheduled for Friday and Saturday Sept. 18 and 19, led General Chairmans Abe Robinson and Ruel Moulton to predict today that \$1,000 will be raised for the blind and sight conservation program in this area.

All contributions will be used for providing funds for the sight conservation and blind committee of the Lions Club to aid its worthy endeavors.

Some 10,000 miniature White Canes will be sold by the local club in stores and street corners of Torrance by club members, Lionsesses, Little Leaguers as well as other boys and girls organizations.

## Councilman Hurt

Councilman Victor Benstead did not spend the happiest Labor Day weekend imaginable. A steel rail fell on his foot while at work last week causing the foot to swell up painfully and making walking impossible for all practical purposes.

Nothing was broken according to x-rays which were taken.

Culture is "to know the best that has been said and thought in the world." —Matthew Arnold
