Conditions set forth for the operation were listed by Planning Consultant Earle Lloyd as follows:

- Four Conditions: 1. Drilling shall not be within 500 feet of any residence... 2. The painting and lighting of the drilling mast or derrick used in the drilling operations shall comply with any applicable rules...

and Production, and other applicable safety orders issued by the Division of Industrial Safety, shall have wire mesh or wire grating welded thereon or otherwise affixed thereto.

4. All drilling and producing operations shall be conducted in such a manner as not to constitute a public nuisance. A faithful performance bond of \$2000 shall be filed with the City Clerk for each well up to and including the first five wells.

Markers Terms: In addition to the above conditions, Lloyd said he would ask that the derricks be lighted with a minimum of two red lights during the hours of darkness and restricted visibility, and that a minimum of four conventional red or orange flags be affixed to each derrick.
