

# SAFETY PROGRAM PLANNED

Chamber of Commerce President R. I. Plomert will meet with civic leaders to discuss plans for an all-year safety program today at 2 p.m. at the Chamber of Commerce.

September 14 to 18 was officially proclaimed "School Safety Week" by Mayor Mervin Schwab last week. Motorists have been asked to be particularly careful these first few weeks of school since kids get lax about street crossing habits after vacation.

# Homeowners Plan Dance For Public

A public dance sponsored by the Torrance Gardens-Plaza Homeowners Association, will be held Saturday, Sept. 26, at the Hollywood Riviera Club House from 9 p.m. till 1 a.m. It was announced this week by Norris Carstenson.

Freddie Gray and his orchestra will be the featured band. Tickets are available at the door or from members of the social committee. There will be door prizes donated by: Parrish Stationers, Mari Lynn's dress shop, Greater Torrance Market, Neta's Tots & Teens, Fisher Hardware Co., Baker's Furniture, Star Furniture. This is the first dance the group has sponsored. The Homeowners hope to make such a dance an annual affair.

# Students Will Register at El Camino

Registration for the fall semester at El Camino College will take place in the college gymnasium Monday and Tuesday, Sept. 14 and 15. With over 1,800 already enrolled in a new pre-registration plan, an additional 3,500 are expected to enroll before registration closes Sept. 25, according to Forrest Murdock, president. Classes will begin Sept. 16.

**Growth**  
Starting in 1946 with 500 students scattered in three high schools, the college now accommodates over 5,000. According to Murdock, the student body in-

cludes students attending courses paralleling those offered by the universities as well as technical and vocational students preparing for jobs or for upgrading in their present jobs. To meet community requests, courses are offered from 8 a.m. until 10 p.m. and include more than 500 different classes.

**Ultra-Modern Library**  
Students registering for the first time this fall will find a new ultra-modern library serving their reading needs. Built to house 80,000 volumes, the most recently completed college building includes an outdoor reading patio, individual typing rooms, open stacks for student use and conference rooms for library instruction.

Under construction now for use during the spring semester is the Commerce building to house all Business Administration and Secretarial classes.

# Increase Courses

In addition to last year's popular day and evening classes which will be offered again this year by the Torrance Unified School District starting Sept. 14, additional courses have been added which,

it is thought, will satisfy the needs and interests of the public.

The following courses have been added to the list:

Woodshop, at North Torrance Elementary School;

Interior decorating class at the Greenwood Elementary School.

Jewelry making and photography;

English and Mathematics (for completing high school requirements) at the high school.

Thurs., Sept. 10, 1953
