

Shopping . . . Reunion . . .

(Continued from Page 1)

milestone in the progress of the Torrance shopping area. The service column, written by Marjorie Krogmann of Torrance, will be a focal point of information and is intended as a personal service to each housewife in this area. Marjorie will offer tips on what and where to buy. She hopes, too, that local housewives and merchants will feel free to call upon her for shopping information at FA. 8-2345 or FR. 6-4061.

Purpose

Marjorie says her column is designed to save the housewife time by calling her attention to what is actually available in the Torrance shopping area and where to find these things. Whether it's a bargain or something unusual or some worthwhile buys which not everyone is familiar with, Marjorie will hunt these up and call them to the attention of her readers.

Well Qualified

Marjorie, who is Mrs. Clarence Krogmann in private life, is well qualified for this particular assignment. She was a field-flyer for Marshall Field of Chicago, which meant that she was being trained in all phases of buying and shopping for the noted department store. She was one of about eight receiving this training, which led to an executive position eventually. The training combined the practical and the theoretical, for part of the time the field-flyers attended lectures and the other part of the time they worked in the various departments of the store.

Family

Marjorie left Marshall Field for the very good reason of getting married. She and her husband have lived in the Bay area for six years, together with their two children, Cathy Caryl 5, and Nancy Melinda 4. Mr. Krogmann is a supervisor for American Airlines. Among her outside interests Marjorie has done some studying of colors and even philosophy, but she sums her interests up by saying, "My home is my hobby."

(Continued from Page 1)

ners for which Mrs. Attebery had been famous for so many years. The reunion happened quite spontaneously and was chiefly the work of Mrs. Louis Sappenfield of Missouri. As she was coming west she just convinced some of the others that this was just the right time to come out, too. Some came from Texas, some from Missouri, one from Ventura, and one resides locally.

Came in 1922

The whole family was born in Texas. Mrs. Attebery came to the Bay area in 1922 and has lived here ever since. For a long time she was nationally known for her family-style chicken dinners and after that for leading the square-dance movement.

Mrs. Attebery became a grandmother at the age of 33 and now boasts 21 grandchildren and 20 great-grandchildren.

The following were present at the reunion: the five children—Mrs. George Kirchner a d Bill Wicker from Seminole, Texas; Mrs. Louis Sappenfield, Kansas City, Missouri; Mr. and Mrs. J. G. Wicker, Ventura, California; and Mrs. Henry West, wife of the local building inspector; Daniel A. Attebery, step-father; grandsons—Lester, Frank, Carl, Gene, Gloria; granddaughters—Edna, Roberta, Geraldine; great-grandchildren—Lorene, Lewis, Debra, Jimmy.

Paint Store . . .

(Continued from Page 1)

lasts through Sunday. The store will be open this Sunday and every Sunday from 9 a.m. to 3 p.m. for the convenience of those who do week-end painting and decorating.

Among the numerous services and products offered is a one-day service on custom-made window shades any size and any color. Old rollers will be re-used by the store if desired.

The store is also equipped to do repair work on venetian blinds or make custom-made drapes, among other things.

A pint of life-giving blood to save a life? October 12 is the date in Torrance, the place, Civic Auditorium.

a whole day's electric service costs you just pennies!

Divide your electric service bill by sixty—because Edison bills are for two months' service—and you'll see that the amount you spend for electricity each day is just a few pennies. That's surprising when you stop to think of the countless jobs electricity does for you and every member of your family, all through the house, twenty-four hours a day.

Any way you figure it, electricity is today's biggest bargain!
