

# KNOW YOUR REALTY BOARD

BY Grace Hinshaw

Anyone interested in earth and growing things is interested in land, per se, and this may be translated into an interest in real estate, so it seems.

Our real estate man, this week, Mr. Roy A. Shaw, was born in Canada, but reared and educated on a ranch in Montana . . . a horse ranch . . . and he has never lost his interest in the land and things pertaining to it.

Mr. Shaw was the Freight and Passenger Agent for the Detroit, Toledo and Ironton Railroad when, in 1932, he brought his family to California on vacation.

ROY A. SHAW . . . interested in land

They were so enthusiastic about California from this visit, that they said good-bye to Ohio for good.

With his two sons, Mr. Shaw formed the Shaw Implement Company in San Bernardino, for the purpose of promoting and selling agricultural implements, including four of his own patents. But because of the arduous traveling schedule involved in this kind of work, the company was dissolved. But the land interest still remains.

Mr. Shaw had spent some two years in the selling or real estate. Now, with the implement business in the past, Mr. Shaw's interest again turned to real estate . . . this time in the form of a real estate school where this business could be taught in a clear, concise manner with more careful attention to detail than is customary. Thus the Coast Real Estate School came into being under the supervision and teaching of Mr. Shaw and his associate, Mr. Leonard Kitsch. The school is located next door to the real estate office in which both Mr. Shaw and Mr. Kitsch are associated in business, at 338 Vista del Mar, Hollywood Riviera.

Mr. Shaw is an active member of the Elk's Club of Redondo Beach, maintains his membership in the San Bernardino Eagles, group, and is one of the Torrance-Lomita Realty Board's newer members.
