Hour Change At Perry Playground

Because of early darkness and cooler weather the Perry School recreation program will be open only from 3:30 p.m. to 4:30 p.m., Mondays through Fridays according to Bob Blevins, Recreation Director at Perry School. "It may be necessary to discontinue the after school program entirely during the winter," Blevins said, "but we want to find out what reception we get to the shorter hours first."

At the same time Blevins announced that a new recreation program will be opened on Saturdays from 10 a.m. until 4:30 p.m. This program is being offered in answer to many requests for such an activity.

Harry Van Belleh, city director of recreation, said that over 1100 youngsters took advantage of the afterschool recreation program at Perry during the month of October. However, he cautioned parents not to send their children to the program during periods of inclement weather or when the ground is muddy. The program will not be conducted on such days.
