

Red Cross Reports 'Good Blood Month'

"Another good month" was reported by the Red Cross blood service this week when the organization revealed that 15,853 pints of blood were collected during November.

Patients hospitalized in Los Angeles and Orange counties received 9437 pints and the balance was turned over to the department of defense for fractionation into serum albumin for the civil defense stockpile and gamma globulin for the anti-polio project.

"Although last month was good," said William T. Sesnon

HOMEMADE APPEAL

SAY MERRY CHRISTMAS WITH JELLIES, JAMS

The tradition of exchanging gifts with family and friends has always been a part of this goodwill. Now, while we still have time, let's think of something "all our own" that we can give to a friend or a member of the family. Why not give a few jars of tasty, homemade

Jr. blood program chairman, "blood goes out as fast as it comes in, and we anticipate a tight squeeze getting through the Christmas holidays when contributions of blood usually slow down."

Offer Guests Hors D'Oeuvres

Dried fruit makes delicious hors d'oeuvres, especially when the dried fruit is Sugaripe. A recipe follows:

- 2 dozen Sugaripe Prunes, Apricots, or Peaches
- 6 ounces cream cheese
- 4 tablespoons mayonnaise or cream
- ½ teaspoon prepared mustard
- ¼ teaspoon garlic, onion, celery or table salt

Rinse fruits in warm water, wrap in a towel and steam about 15 minutes over hot water. Cut prunes down one side, remove pits and flatten slightly or cut into halves. Clip stems from figs and "cup" or

ure sugar and set aside. Add Sure-Jell to fruit in saucepan and mix well. Place over high heat and stir until mixture comes to a hard boil. At once stir in sugar. Bring to a full rolling boil and boil hard 1 minute, stirring constantly. Remove from heat and skim off foam with metal spoon. Then stir and skim by turns for 5 minutes to cool slightly, to prevent floating fruit. Ladle quickly into glasses. Cover jam at once with ¼ inch hot paraffin.

Then make the marmalade. Add sugar to fruit in saucepan and mix well. Place over high heat, bring to a full rolling boil, and boil hard 1 minute, stirring constantly. Remove from heat and at once stir in liquid fruit pectin. Skim off foam with metal spoon. Then stir and skim by turns for 7 minutes to cool slightly, to prevent floating fruit. Ladle quickly into glasses. Cover marmalade at once with ¼ inch hot paraffin.

APRICOT JAM

Yield: about 10 medium glasses

- 5 cups prepared fruit (½ lb. dried apricots)
- 6 cups sugar
- 1 box Sure-Jell fruit pectin

First, prepare the fruit. Add 5 cups water to ½ pound (about 1½ cups) dried apricots. Cover and let stand 4 hours or overnight. Drain, reserving liquid. Grind apricots or chop very fine; combine with liquid. Measure 5 cups into a very large saucepan.

Then make the jam. Meas-

Serve Creamed Soup

Use soups to arouse interest in the menu by the addition of flavors, garnishes, and accompaniments. Fresh flavor of Durkee's margarine beaten into cream soups just before serving adds richness and wholesomeness. Recipe for surprise cream soup follows:

- SURPRISE**
- 2 tablespoons chopped onion
- 2 tablespoons Durkee's margarine
- 2 tablespoons flour
- ¼ teaspoon salt
- ¼ teaspoon pepper
- 1½ cups vegetable liquid or meat broth
- 1½ cups milk
- 1 cup vegetable puree

Such vegetables as peas, asparagus, beans, celery, carrots,

potatoes, corn, spinach or mushrooms may be used either singly or in combination. Either freshly cooked or leftover vegetables should be prepared and ready for the cream soup. Place the Durkee's margarine and chopped onion in a deep saucepan. Cook until the onion is tender. Add the flour, salt, and pepper and blend in thoroughly. Slowly stir in the liquid from the vegetables or the meat broth and cook about 2 minutes. Add the milk and vegetable puree. Heat thoroughly and serve.

SEE BLOOMS NOW

Many reports of fruit trees blossoming now have come into the farm advisor's office. This freak bloom is caused by the unusual variation in climate that we have been having this fall. First, we have cool weath-

er and then warm days that shock some of the trees into bloom. Nothing can be done to prevent this freak bloom, except to continue to irrigate and give the trees good care. Purchase of good varieties that are adapted to our climate will help to eliminate such off-blooms.

PLUMBING

Be sure your plumbing, inside and out — is prepared to take the strains of cold weather demands. Call us today for a without-obligation — plumbing check-up of water pipes and fixtures.
