Officers, will act as advisors to Scott during his initial days in office, Crossier said.

Scott only last week was named both acting president and acting business agent of the local following the resignation of Wally Elliott and John E. Anderson.

Scott had been manager for 14 years of the Mednick Brothers market at 14th and Pacific avenue, in San Pedro.

Scott's appointment as secretary-treasurer will leave the president's and business agent's jobs to new appointees.

This is part of the continuing changes in the clerks union since Haskell Tidwell was ousted as secretary-treasurer last April. Scott was chairman of a trial board that convicted Tidwell on 10 counts of violating the international constitution.

The new change in union administration comes at a time when negotiations between members of the Harbor Area Employers' Council and the Union on the Mercantile agreement were about to open. The agreement runs to February 3, 1954, and a meeting of the employers is slated for Tuesday, December 29, 1953, at 2 p.m. in the Employers Council office at 1731 Border avenue.

Scott told Frank S. Selover, executive secretary of the Employers Council, that he is prepared to proceed with the meeting between the Union and Employers slated for 3:30 p.m. in the same office, the same day. Mitchell had cancelled the negotiation meeting as well as an

Why buy a 1953 Car?

(When You Can Buy a 1954 Plymouth for Less?)

READ THESE FACTS!

Average Cost New 1953 Car (Low-Priced Field)	1954 Plymouth
2500	2500
ADVERTISED AVERAGE DISCOUNT 300	
SELLING PRICE 2200	2500
AVERAGE TRADE-IN ON 1949 700	(at Whittlesey 850)
CASH DIFFERENCE 1500.	1650.

PLEASE NOTE . . . There is only \$150 difference between the 1953 and 1954 models. What most people do not realize is that when they purchase a 1953 model at this time of the year they are buying a car that is one year old, and therefore worth \$500 less because of the normal 20% depreciation on new cars for the first year. The above figures show that there is only a \$150 difference between the 1953 and 1954, and in view of this depreciation, it's just common sense to buy the 1954 model and save \$350.
