## 38 Pigeons Give Up The Ghost

The mink which sent 38 pigeons to pigeon-heaven is probably suffering for his sins in purgatory by now if the actions and feelings of Ray Peel, owner of the 38 pigeons which gave up the ghost, have anything to do with it.

Peel, who raised about 1200 exhibition pigeons at his place at 223rd street and Main street, said that a mink sneaked into his pigeon cage sometime Monday night and sent 38 pigeons to the happy hunting grounds.

When Peel discovered this dastardly deed Tuesday, he turned his dog loose. Upon locating "Mr. Mink," Peel dispatched the villain by sending a humiliating bullet through its head.

"It's murderous to think about the potential value of these pigeons since this is the beginning of the mating season," Peel said. "Mr. Mink is dead, but that doesn't help much now."

## TV, Radio Station Planned

An organizational meeting to discuss the erection of a TV and radio station in Torrance was held yesterday at the Chamber of Commerce, according to Jim Lawson, who has been heading this drive.

The meeting, which was attended by local merchants, was intended primarily to serve as a preliminary exchange of ideas. Lawson states that he has contacted a number of individuals who were all in favor of such an undertaking.

The station would serve Torrance and the surrounding cities. It would take from three to 13 months to erect it.

The undertaking would be a joint venture between the merchants and industry.

## CANDIDATES SOUGHT BY REPUBLICANS

All area citizens were asked Monday to encourage qualified registered Republicans to appear before a Fact Finding Committee as possible candidates for Congress.

**Committee**  
Initial steps toward the formation of a Republican Fact Finding Committee for the seventh Congressional District were taken at a Torrance meeting of Thirty-five members of the assembly and congressional district central committees. The purpose of the Fact Finding Committee will be to hear persons desiring to be selected as the officially endorsed Republican candidate for Congress in the next election. Committee members are pledged to active support of the candidate selected.

**Procedure**  
Fact Finding Committee procedure was provided for in resolutions adopted by the Republican County Central Committee last year. Working within the framework of these rules the meeting Monday adopted the following resolutions: The com-

mittee will be composed of 150 members consisting of Fifty each from the Forty-sixth, Sixty-seventh, and Sixty-eighth assembly districts. The Fifty members from each assembly

district shall consist of the representatives from recognized volunteer Republican organizations.

**Meeting**  
The first meeting of the Fact Finding Committee will be held in the Gardena Elementary School Auditorium (647 West Carson boulevard) at 7:30 p.m. Monday, January 18, to consider definite rules of procedure.

*Luxury costs so little...*  
everyone can have it — electrically!

If your idea of luxury is taking your ease while servants do your housework, well that's what you have, with electricity! You can relax while meals are cooked, laundry is washed and water is heated. There are really only two things about electricity which lead you to forget that it's a luxury: One, your electric servants are silent and unobtrusive. Two, you don't need a "luxury income" to buy electricity—it's today's biggest bargain.
