### City Neutral On Serious Water Issue

Pressed too much for time in a decision involving a 5-cent tax, the City Council decided not to register a vote at the West Basin water hearing before the Los Angeles County Board of Supervisors Friday, January 29, at 10 a.m. in the Hall of Records.

The decision whether or not the tax will be permitted must

be made at this one and only hearing if effective action is still to be taken, it was stated.

The council adopted a neutral position on the basis that it was not sufficiently familiar with all the aspects of the proposal to commit themselves one way or the other at this time.

too uncertain in its results to grant such a tax. The motion was defeated.

The need for further West Basin water action has been urged because of the rapidly decreasing water supply as a result of sea water intrusion and excessive pumping. Torrance has been said to get 45 per cent of its water from this source.

Mr. and Mrs. Richard L. Oliver announce the birth of a son, David Richard, born on January 12, weighed 7 pounds and 4 ounces.

The Chamber is momentarily out of income tax forms. It will have more available Monday.
