### JULY COLUMN

The Column of July is a pillar of bronze in the Place de la Bastille, Paris. It was completed in 1840 in commemoration of the French citizens who died in the revolution of July, 1830.

### FEATHERED TENNIS

Badminton, which is a game played with rackets and feathered shuttles, was derived from the fourteenth century game of battledore and shuttlecock.

### HONEY COMB

The baby bees thrive and grow in the honey in the compartments of the honey comb. One bee is in each compartment.

must also keep in mind our city is growing at a fast pace. With the present speed of construction, our inspection department should have sufficient personnel to cover all new developments frequently and keep close watch on construction. This personnel should have a sufficient wage to prevent any deviation from the building code.

Mr. and Mrs. Torrance, I am definitely interested in this problem as my washbowl fell off the wall eight months after I bought my home. When I put my washbowl back up I found there were no joists to connect it to. It was screwed merely in to plaster. The gas lines were not checked under the foundation slab, causing double gas bills plus danger, until two years later when a neighbor's home blew up.

My answer is MORE INSPECTORS, CLOSER INSPECTION, MORE FREQUENT INSPECTION, COOPERATION BETWEEN CITY COUNCIL AND BUILDING DEPARTMENT.

Respectfully yours,

park where they will be under proper supervision. It is requested that no pre-school, kindergarten, or first graders be sent to the area by themselves.

Suggestions  
Suggestions as to what type of program is desired at these various areas and volunteer leadership in carrying out such a program are greatly desired. Individuals are asked to get in touch with Breitenfeld at the park or call the Recreation Department at FA 8-4108.

Another change in the Recreation Department will be announced at a later date. It will involve moving the parks division of the department into offices at Torrance Park. Attempts will be made to step up participation of teen-age boys in a sports program at the park by keeping the office hours there from 1 p.m. until 10 p.m. daily.

TO PRODUCE a mighty book you must choose a mighty theme. No great and enduring volume can ever be written on the flea, though many there be that have tried it.—Herman Melville.

Portable telephone building. This small but fully equipped telephone central office was recently moved by truck from one site 335 miles away direct to Pepperwood, California. By moving it intact, telephone people cut 20% from the cost of installing a telephone system in Pepperwood. And they speeded the job by about five months. An unusual story, yes. But it shows how we're doing everything we can to bring you more service, good service, at the lowest possible cost to you. Pacific Telephone works to make your telephone a bigger value every day.
