### Cops To Stop Off-Duty Guard Work

Torrance policemen will not be able to work as guards in housing tracts in their spare time unless they receive permission of Local 802 of the Central Labor Council. The Labor Council must actually request the help of the policeman first. The Labor Council recently objected to police officers working as guards in their spare time.

the policemen were depriving other people of work. Torrance policemen volunteered to stop guard duties during their spare time in the Ellinwood tract as of August 17. Policemen will no longer take up off-duty jobs in other tracts either. Spokesmen for the police department brought out plainly however that the Labor Council had originally asked them to work the Ellinwood tract and that no policeman has ever gone out soliciting work. All off-duty guards were provided on request of the contractor.
