

# Local Jaycees Inaugurate 'Voice Of Democracy' Here

The national Junior Chamber of Commerce program known as "Voice of Democracy" is entering its eighth year, but will be new to Torrance as the local Jaycees inaugurate the program here.

The program is based on a written 5-minute transcript for "I Speak for Democracy." High 11th, and 12th grades are eligible to participate. The transcript will be broadcast based on the theme school students in the 10th, 11th and the local Junior Cham-

ber of Commerce will choose the top four which will be selected in a school speak-off.

A special night has been set aside by the local club at the Club Alondra on November 18, at which time the winner will be selected, and prizes awarded. The winner will go to the district finals in El Segundo sometime in December, and the district winner's voice will be put on transcription, this recording being sent to the state headquarters on through to the national entirely by transcription.

Chairman of the contest is Phil Lisman, and anyone wishing further information may call him at FA 8-6905, or check with Von W. Hershey, public speaking instructor at Torrance High School. Judges for the contest will be announced at a later date.

## Shop Center Now Under Construction

A shop center consisting of eight buildings is now under construction at Torrance blvd. and Llewellyn Ave., next to the lumber yard.

The first four buildings will be completed in two weeks and the next four buildings will be finished three weeks later, according to Josef Weiss, president of AM & W Development Co.

Partitions between the buildings can be removed for expansion purposes, it was stated.

Adequate parking facilities are available, Weiss said. Llewellyn st. will also be extended, he declared.

## Dear Editor ...

Thanks For Your Help

Editor  
Torrance Press

We would like to take this opportunity to thank the voters of Torrance for their wonderful response at the polls Tuesday.

We know that when the people are informed as to the needs of their city, their help and understanding can always be counted on.

The new civic center and the new swimming pool which were approved by Torrance's voters this week will pay many dividends in the years to come, and those who will profit from the action taken this week will be no one else but the people of Torrance themselves.

Our sincerest thanks to all those who worked so diligently on the bond campaign and to all of you who helped with your vote.

Sincerely yours,  
(signed)  
Mayor Nicholas O. Drale  
member of the City Council  
George Stevens, City Mgr.

Proved in over 2½ billion miles of driving!

# There's a wonderful difference in Mobilgas Special\*

Since its introduction just 6 months ago, almost 1 million Western car owners have tested Mobilgas Special in 2½ billion miles of driving, report these important differences:

- in POWER—smoothest, knock-free performance every time you touch the gas pedal.
- in PLEASURE—instant starting and quick warm-up—an engine that whispers lei's go.
- in MILEAGE—that you'll say is the longest ride for your dollar.

The two reasons for the wonderful difference you get in Mobilgas Special are Mobil Power Compound and Top Octane refining. Mobil Power Compound controls power-robbing deposits, keeps the engine healthy, free of dangerous cold weather stalls. Top Octane refining delivers quick starting and warm-up, fastest knock-free pick-up. You know that a clean, healthy engine, free of gas-wasting knock, will naturally give you longer mileage.
