**Reveal Plans For Expanding Torrance Memorial Hospital**

**\$300,000 FUND RAISING DRIVE TO KICK OFF SOON**

Plans are being whipped into shape now for an extensive, all-out hospital fund-raising drive to raise \$300,000. This money is to be used for expanding and remodeling the present Torrance Memorial Hospital, so that it may more adequately serve the increased demands of this community.

Plans for the new hospital provide for two modern delivery rooms with three labor rooms, two nurseries, 20 maternity beds and complete service facilities, all in a new wing, is was disclosed.

A new surgery wing will also be built which will include two major and one minor surgery operating rooms and a room for caring for fractures. The wing will also include patient recovery rooms, sterile supply and control sterilizing rooms, new X-ray room and facilities, scrub-up rooms and locker rooms for doctors and nurses, it was stated.

More than 30 new beds will be added to the hospital. New office facilities will also be provided for business and administrative purposes.

Numerous other improvements, in addition to those mentioned, will be added. Last year 1,703 Torrance patients were treated by the hospital. A total of 62 per cent of last year's patients, including individuals from surrounding communities, had some sort of hospitalization insurance.

Architectural plans are being drawn up by Merrill W. Baird.
