### Hallowe'en Dance

"WHICH ONE'S THE SPOOK?" wonders Robert Faren in good natured fun. Faren, past commander of the American Legion, Torrance Post 170, and Stan Blank, adjutant, are getting the Legion Hall ready this week for Saturday night's Hallowe'en dance open to the public.

### 'Be Sure And Vote Tuesday' JayCettes Remind Residents

Posters bearing the picture of a registered cow and the inscription "I'm registered and can't vote; you're registered, so be sure and vote!" will be seen throughout Torrance this week and all day Tuesday in order to remind residents to get out and vote that day.

The intensive get-out-the-vote campaign for the November 2 state and national election is being sponsored by the Jay-Cettes.

In addition to the cow-posters, JayCettes will use several other methods to remind local voters of their gifts and privileges.

Members of the organization will be posted on street corners throughout the city in order to tell voters to "Vote as you please, but please vote."

Each passerby will receive a small tag with the inscription "Vote Today the American Way."

### Dear Editor...

Frankie Laine

Editor  
Torrance Press

Am writing to you in regard to a write-up in your paper concerning the Harvest Revue of October 16th, in which it is stated that a Mr. Carl Lertzman is director of Frankie Laine Enterprises.

We would like it known that Mr. Carl Lertzman is in no way connected with the Frankie Laine Enterprises in any capacity whatsoever.

Cordially yours,

### WRITE 'EM, BUT SIGN 'EM

To Whom It May Concern:

Somebody wrote a letter to the Torrance Press attacking a statement that Torrance is a "smog-free" community. The statement was made in a bottom banner on the front page last week ("Shop in Smog-Free Torrance").

We do not publish unsigned letters though we will be glad to withhold the name and address of an individual upon request if the situation calls for it.

If the individual who wrote us the "smog" letter has the courage to sign his letter, we will be glad to publish it.

### Wayfarer's Woes

Editor  
Torrance Press

If a city's hotels are indicative of the town's bid for pre-eminence, Torrance is at present an outcast of poker flats. Not that the local hostleries are not properly and efficiently managed but none are modern like those of most cities of 50,000 population or over.

Torrance even lacks the ultra-modern motels that have broken out like a rash in other parts of the Southland.

A business visitor to Torrance scouts the area then throws up his hands, points his car elsewhere and the revenue to restaurants, shops, etc that he or she might strew in Torrance goes to Long Beach, Redondo or some other business district.

Why no local newly-built hotel, motels??

### TORRANCE ELKS STAGE GALA HALLOWE'EN DANCE

Torrance BPO Elks are sponsoring a gala Hallowe'en costume ball this Saturday night, October 30, at the Alan-Richard Hall, 1951 Carson street.

L. E. Lease, chairman of the dance, promises a big time for all, with prizes for the best costumes as well as several door prizes. There will be a 5-piece orchestra to supply the tunes, and the public is invited to attend. Dancing is slated to begin at 9 p.m.

The next regular meeting of the Torrance Elks Lodge will be next Wednesday, November 3, at 8 p.m. Prospective members are urged to attend this meeting as the closing of the charter memberships is due soon.

### Local Woman Wins Clock

Just for having a can of opened coffee in the house and answering correctly the quiz question of the day, Mrs. Jean Curtis of 1726 236th street, Torrance is richer today by a new clock, her prize in the annual Doorbell Ringing Promotion conducted by KBIG Catalina on its morning newcasts.

Ruben Garnica played leftfield for the North Torrance Rams softball team. The team belongs to the Junior Boys Softball League.

Don Hill was 1st baseman for the North Torrance Rams softball team, a member of Junior Boys Softball League.

And We Can Prove It!

IT IS NOT TRUE THAT IT NEVER RAINS IN THE SAHARA DESERT

IT'S NOT TRUE THAT IT NEVER RAINS IN THE SAHARA DESERT!

There is no place where rain does not fall at some time or another. Even in the deserts it rains occasionally, although the showers may be brief. 1. Report of meteorologists. 2. Popular Science Monthly, October, 1928, P. 72.
