**SHOP! COMPARE! UNBEATABLE VALUES MADE POSSIBLE BY OOGIE'S PURCHASING POWER!**

Here's the story! Because carpet mills have to clear 1954 inventories to make way for new 1955 patterns, it's your chance to get beautiful broadloom in many patterns and arrays of colors at prices you will not be able to duplicate in the future! On a 9x12 installation you save \$36 to \$60—and you'll save more with every additional square yard you need! There's nothing like wall-to-wall carpeting to modernize and beautify a home—So measure your rooms, know how much carpeting you need, come in and choose the broadloom which best flatters your decor. Our estimator will measure your rooms and verify estimates without charge. Oogie's own expert workmen do the job.
