Business Federation Enters Area

Charles C. Kinnett, of 4640 Marloma Dr., Rolling Hills, has been named local district manager for the National Federation of Independent Business, a non-profit organization claiming a membership of 100,000 independent businessmen throughout the nation.

"A Torrance businessman will soon be appointed chairman for the local district," Kinnett stated.

Polio Drive Will Start Here May 11

"Since polio and its crippling after-effects is with us today as a current problem and will be for some time to come, we must make every effort to have our Sister Kenny Foundation campaign a success, thus assuring care for those patients already polio victims and those who may become afflicted with the dread disease during 1955," Mrs. Paul Underwood, Torrance, city chairman said at the recent Kenny Round-up, first organizational report meeting for the May Sister Kenny Foundation drive.

Mrs. Underwood urged all interested Torrance citizens to rally together in the coming drive starting May 11, which is Sister Kenny Day, and volunteer now to work on the Kenny Round-up team.

Individuals, clubs or organizations interested in aiding the May drive of Sister Kenny Foundation, which is endorsed by the Social Service Commission, may contact Mrs. Underwood, at FR. 8-6712.

be considered by Congress in the immediate future, Kinnett stated in explaining the organization's function.

Each of these bills affects the small businessman either directly or indirectly. Pros and cons are stated and the member is asked whether he is for or against the bill or just not interested.

These ballots are then tabulated and sent to congressmen in the districts of the individual members. This program is carried on simultaneously throughout the nation.

About 85 per cent of the bills for which the federation has expressed approval have been passed, it was disclosed.

Burger, are kept in Washington to discuss problems affecting small business.

CONSTIPATION FAST PROVEN METHOD RELIEF IN 20 MINUTES

Learn the true facts of disease. Many people constantly complain of stomach disorders, such as gas bloating, burning of the stomach, abdominal cramps, nausea and vomiting, when in reality, the lower part of the bowels is to blame. It is a well known fact that most distress in the abdominal region is self diagnosed as stomach trouble. This misconception is a natural one. Constipation results in the formation of large quantities of poisons that gain entrance into all parts of the body by means of the

blood stream and lymph channels. The effect is the same as it would be if you were to swallow a dose of poison every day. The first and last thought in the mind of most people when they become constipated is to take a physic, yet no physic was ever made that would cure constipation. Continued use of physics leads to definite ailments of the colon itself. Stop fooling yourself. Know the true facts of disease. Life or Death can be due to neglect of your physical condition.

HEART
 Over half of the deaths in the country are due to Heart and Blood Vascular disorders

GALL BLADDER
 The Gall Bladder is of interest clinically only when it becomes infected or otherwise is injured. Under such circumstances it no longer concentrates bile in the normal manner, but pours out a fluid which differs greatly in composition from the normal Bile; or it harbors a stone which causes trouble or perhaps when it is the site of a malignant growth. Fully one half of the patients who come to me believing they have stomach Ulcer or gastritis are really affected with some form of Gall Bladder disorder.
