BUSINESS IS PICKING UP . . . W. C. Williams of Williams' garage and Vel Miletich, president of Oscar Maples Ford agency look over the new Ford pick-up truck which Williams just purchased from the local Ford dealer.

PICK-UPS ARE EASY WHEN YOU USE A FORD

"We're interested in hauling wrecks, not causing wrecks," R. C. Williams, of R. C. Williams' garage, stated this week as he pointed proudly and admiringly at his new 1955 pick-up truck which he bought from Oscar Maples, local Ford dealer.

"I shopped around first and then decided on a Ford pick-up truck because of its outstanding features such as its better visibility, perfect maneuverability, greater power, and its many safety features," Williams stated. "I also know that my car will be serviced properly and conveniently here in Torrance by Oscar Maples and that's worth money to me," Williams stated.

Commenting on the truck, Vel Miletich, president and general manager of the local Ford agency at 1420 Cabrillo said: "This truck is the standout in its class for fast, economical hauling. It comes with either a 132-h.p. or 140-h.p. Power King V-8 modern, gas-saving Short-Stroke engine.

"The new huskier frame gives the entire truck greater strength and stamina and is available with standard 12-ft. platform, stake.

"The gross vehicle weight is 16,000 lbs. while the maximum gross combination weight is 28,000 lbs.

"The chassis-cab models accommodate custom bodies from 7 1/2 ft. to 17 ft. in length. As a tractor, it can take a 35 ft. semi-trailer within legal limitations of all States.

"The truck is equipped with easy-shifting Synchro-Silent type transmissions, with 4-speed standard, 5-speed direct, or over drive available," Miletich concluded.

"I decided to buy my truck from Oscar Maples," Williams said, "because I discovered after shopping around that I got my best deal here. Besides, we do most of our towing locally and I believe in spending our money where we make it."

R. C. Williams is the official garage for all auto clubs and the official towing service for the local police department.

Came Here In '46
Williams opened the garage in 1946 when he came to Torrance from Arkansas. He has been in the garage business more than 20 years. Williams and his wife, Mollie, live at 1751 Marinette, Torrance. They have three sons: R. C. Williams, Jr., 13, Charles, 11, and Joe, 8.

Torrance Rifle Grads Announced

Eleven Torrance youngsters graduated yesterday from the National Rifle Association of America Small Arms Training school being conducted by Miss Ann Frickman, NRA Certified rifle and pistol instructor, at the Gaffey street range for juniors.

Receiving National Rifle Association of America attendance certificates were: Donald Fogg, Jerry Newman, Gary Evans, Bobby Burroughs, Bill Smith, Norman Rees, Lorne Anderson, Jerry Vantine, William Witscher, John Van Deventer, and Douglas Cook.

Insurance Co. Names Agent

James A. Gates, Jr., 2355 Torrance boulevard, Torrance, has been appointed a representative for the Connecticut Mutual Life Insurance company in this area. Gates attended El Camino Junior College and served two years in the Air Force. He will be associated with the Melzar C. Jones agency, Los Angeles.

KIDS TEAR UP SCHOOL

Five juveniles, four of them 9 years old and one of them 5 years old, went on a rampage of destruction Thursday in the Harbor Christian School, 840 West 255th street, sometime in the evening. They entered the premises by breaking about five windows. They scattered papers, dumped liquid wax and water from a number of vases on the floor, took records from the music room and broke them, scattered school books, and strewn dirt clods, pencils, crayons and papers all over the floor.

If you had the money which would you choose?

What's your fondest dream? A deep-sea fishing trip? A vacation in Europe or a new car? Sending your children to college? Or buying a beautiful new home?

If you open a savings account in an insured Savings and Loan Association—and add to it regularly—your dream, whatever it may be, will someday come true!

Right now the American people put more savings account dollars into insured Savings and Loan Associations than anywhere else!

There are good reasons for this preference—three good reasons, in fact:

1. You get excellent returns. That's because the Associations invest most of their funds in sound, steady-paying home mortgages.
2. Your money is as safe as can be. It's protected by good management and substantial reserves. And it's insured up to \$10,000 by the Federal Savings and Loan Insurance Corporation—an agency of the U. S. Government.
3. You're dealing with responsible people of your own home town. Friendly people. People who really know—and care about you and your community.

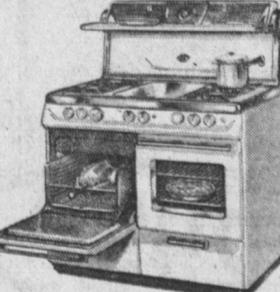

And here's another point: When you're thinking of buying a home, remember that insured Savings and Loan Associations are the nation's largest single source of home mortgage loans. They make liberal loans. They see to it that you get the money quickly—and at moderate rates.

Why not drop in soon at your nearest insured Savings and Loan Association. You'll be glad you did!

YOU WANT THE FACTS — NOT GUESS WORK

Dr. Daniel Colin Munro, M.D., says: "I have never seen a case where a long series of enemas or irrigation failed to improve later bowel activity. I believe that the chief value of this therapy, however, is not in simply emptying the colon, but in cleansing degenerated and infected areas in the bowel wall, which are more or less common to adults, areas through which infection and toxins enter the lymphatics and blood stream, carrying disease to our heart, liver, kidneys and other organs."
