Halting traffic all up and down Pacific Coast highway for several blocks Twin Pontiac 50 Pacific Coast highway, Hermosa Beach (California's newest Pontiac dealer) opened its agency last week-end in a blaze of music, entertainment, and new Pontiac sales.

Twin brothers-owners Richard and Robert Greenwald, reported sales were made at such a crisp pace that those who were unable to buy last week-end will have a chance to buy at a special bonus sale this week-end.

By special arrangement Steven L. Stevens, sales manager, has been allotted eight more no profit cars from the factory. These "Grand Opening Friendship" cars will be sold to the first eight who bid on them for absolutely no profit to the twins.

These are all brand new 1955 Pontiacs that have never been sold. They aren't demonstrators or company cars... no mileage has been registered on the speedometers.

And also this week-end the twins will sell the balance of their stock on a first come first served basis... the twins will sell any new Pontiac for only \$100 more than any Ford, Chevrolet, or Plymouth in comparable models.—Adv.
