Douglas . . .

(Continued from Page 1)

tion, there is a main dispensary staffed by physicians and nurses, and four auxiliary dispensaries located strategically in the plant. Ambulance service is part of the facilities and a complete fire department is staffed and on duty 24 hours a day.

Every worker at Douglas is covered by a Company paid insurance plan as well as a medical plan which can be extended to cover all in the immediate family at a small monthly charge to the employee.

Not everyone is familiar with the record-breaking F4D Sky-ray and its manufacture. All phases of manufacture are pursued here at Torrance. The manufacture of a complete air-

plane in a plant remote from an airstrip has never been done before. It has shown that the lack of an airstrip is no handicap to aircraft manufacture and this has generated new thinking in the industry.

When an F4D has been completed in Torrance it is secured on a special truck and under escort it is wheeled to International Airport in the wee hours of the night. The ten miles are

covered in less than half an hour. At the Douglas hangar at International the engine and special electronic packages are installed. Then the engines are tested and the F4D is flown away to the Navy's fleet or bases.

Positions are open at Douglas Torrance today and this El Segundo facility will continue to offer fine opportunities to

skilled workmen. The needs change and all classifications of skills are not always required but in the immediate future there will be openings for machine shop and sheetmetal workers.

Experienced assemblers are constantly required to replace the men who have been moved to other classifications. Douglas Torrance is the largest employer in this local-

Patio Party Held

The Torrance Women's club gave a patio brunch yesterday at the home of Mrs. E. L. Snodgrass, 1614 Beech.

After brunch was served on the patio, bridge and canasta were played. Everyone knows someone who works at Douglas.
