New Shoe Mart Owners Have Noted Backgrounds

The owners of the new Torrance Shoe Mart, 1330 Sartori ave., have both had noted careers in the retailing business and shoe business. Michel Singer, who has been a resident of Southern California for 30 years, was associated with Walker's Department store both in Los Angeles and Long Beach as buyer, merchandise manager, and stockholder.

He was also associated with Milliron's Department store as merchandise manager and stockholder until the store was sold to Ohrbach's.

Since then, Singer has acted as merchandise consultant to several larger stores in Southern California advising in the improvement of their operations, both from the retailing

outlook and store control. "In settling in Torrance I believe that I have associated myself with the fastest growing town in California," Singer stated. "I hope to contribute my efforts in furthering this growth."

After many years as a shoe chain store manager, Sandy Menein became a partner in the operation of the Inglewood Bootery. In 1948 he entered the wholesale shoe business and since that time has been calling on more than 240 shoe merchants in Los Angeles county.

CONSTIPATION FAST PROVEN METHOD RELIEF IN 20 MINUTES

Learn the true facts of disease. Many people constantly complain of stomach disorders, such as gas bloat, burning of the stomach, abdominal cramps, nausea and vomiting, when in reality, the lower part of the bowels is to blame. It is a well known fact that most distress in the abdominal region is self diagnosed as stomach trouble. This misconception is a natural one. Constipation results in the formation of large quantities of poisons that gain entrance into all parts of the body by means of the

blood stream and lymph channels. The effect is the same as it would be if you were to swallow a dose of poison every day. The first and last thought in the mind of most people when they become constipated is to take a physic, yet no physic was ever made that would cure constipation. Continued use of physics leads to definite ailments of the colon itself. Stop fooling yourself. Know the true facts of disease. Life or Death can be due to neglect of your physical condition.

HEART

Over half of the deaths in the country are due to Heart and Blood Vascular disorders

GALL BLADDER

The Gall Bladder is of interest clinically only when it becomes infected or otherwise is injured. Under such circumstances it no longer concentrates bile in the normal manner but pours out a fluid which differs greatly in composition from the normal Bile; or it harbors a stone which causes

trouble or perhaps when it is the site of a malignant growth. Fully one half of the patients who come to me believing they have stomach Ulcer or gastritis are really affected with some form of Gall Bladder disorder.
