

## CONSTIPATION HEART TROUBLE LIVER TROUBLE FREE CONSULTATION

In our years of experience, we have treated patients from all walks of life—doctors, nurses, lawyers, clergymen, dignitaries from other countries, from Canada to Lima, Peru. Our method has been used with astounding success on patients suffering from asthma, heart trouble, blood pressure, skin disorders and many other ailments previously diagnosed as chronic or incurable—"as if by magic."

This proven inexpensive method has been successful on thousands of grateful patients. **SIR ARBUTHNOT, M.D., F.R.C.S.**—Former Physician to the King of England—in his article entitled "The Sewage System of the Human Body," stated: "The theory that the terrible scourge of CANCER may be directly the result of intestinal sanitation."

**DR. KOCH, M.D.**, recognized as a Cancer specialist, says: "It is likely that any one who would follow such a system faithfully would not take sick with any disease that arises in the intestinal tract."

**DR. DANIEL C. MUNROE, M.D.**, says of this method: "If I were to write the story of all the cases in which my method seemed to lift the patient from the jaws of

death it would fill volumes." **DR. N. W. WALKER, Doctor of Science**, said: "In my experience of nearly half a century of research and observation, like many others, I have become convinced that the root or cause of nearly every ailment which afflicts the human body, may be traced to the retention of waste matter in the system. Come in today, and enjoy a trial treatment. For our examination and trial treatment we charge \$3.00. This trial treatment includes examination, complete X-Ray Fluoroscopic study of the Heart, Sinuses of the Head, Nose, Throat and Respiratory Tracts, Blood Pressure, Kidneys, Prostate, Liver and Gall Bladder and Urine Examination. Total charge for examination and trial treatment including everything is \$3.00. There are no extras.
