Uses Lumber Felled In 1870

Here's an item with a believe-it-or-not twist. Back in the 1870's, C. H. Dudley felled some longleaf Southern pine trees. Today, some 85 years later, his grandson, A. H. Dudley Sr., of Columbus, Georgia, is about to use the lumber from those trees to build a lake-side summer home.

The wood, still in excellent condition and given added beauty by the years, originally went to build a factory on the banks of the Chattahoochee river. Recently, the factory was razed. Dudley purchased the salvaged lumber to use in its natural color for flooring, ceiling, and paneling in his summer home.

LAST LONGER

When sheets and pillow cases begin to get thin and limp, try using a light solution of Vano liquid starch after washing. They'll look like new and last longer, too.

Wooden Ships

U. S. Navy had 50,000 wooden craft in its 2-ocean fleet of World War II and it's been adding new wood vessels constantly since the war's end. As a matter of fact, sea-going ships have been built of wood for 4000 years. A 3800-year-old, 32-foot boat of heavy cedar planks is one of the top attractions at

COSTLIEST OIL

World's costliest oil is being produced in a miniature refinery at the laboratories of a large watch company, according to the National Automobile club. One gallon of the oil costs \$7560. Two drops will oil 1100 watches.

How to buy a new car

Don't be fooled by the "Volume Deal Low Cost" pitch. To sell cars in big volume is very expensive! The facts are it takes \$100 per car for T.V., radio, etc., \$30 per car overhead (rent, light, office help, etc.) and \$85 in commissions and bonuses for high pressure salesmen and managers. This totals \$215 actual cost per car for a "Volume Deal."

No matter what give-away or "Free Gimmick" the Volume Deal represents there has to be a profit on top of this \$215 cost per car!

At T.L.M. our costs per car are ONLY \$93 TOTAL! This is a difference of \$122 in cash savings that we as a small dealer can and do pass on to you over any bona fide deal by the so-called Big Volume Dealer—We can prove it! See us today!

CONSTIPATION FAST PROVEN METHOD RELIEF IN 20 MINUTES

Learn the true facts of disease. Many people constantly complain of stomach disorders such as gas, bloating, burning of the stomach, abdominal cramps, nausea and vomiting, when in reality, the lower part of the stomach, abdominal cramps, known fact that most distress in the abdominal region is self-diagnosed as stomach trouble. This misconception is a natural poison that gains entrance into one's system. Constipation results in the formation of large quantities of bowel in the large intestine. It is a well all parts of the body by means of the blood stream and lymph channels. The effect is the same as it would be if you were to swallow a dose of poison every day. The first and last thought is the mind of most people when they become constipated is to take a physic, yet no physic was ever made that would cure constipation. Continued use of physics leads to definite ailments of the colon itself. Stop fooling yourself. Know the true facts of disease. Life or Death can be due to neglect of your physical condition.

HEART GALL BLADDER

Over half of the deaths in the country are due to Heart and Blood Vascular disorders.

The Gall Bladder is of interest clinically only when it becomes infected or otherwise is injured. Under such circumstances it no longer concentrates bile in the normal manner but pours out a fluid which differs greatly in composition from the normal bile; or it harbors a stone which causes trouble or perhaps when it is the site of a malignant growth. Fully one half of the patients who come to me believing they have stomach ulcer or gastritis are really affected with some form of Gall Bladder disorder.

Wood Paneling Adds Distinction

You don't have to be a millionaire to enjoy fine wood paneling in your home. It's a luxury but not in the sense that it's expensive. When you consider original cost plus maintenance expense, wood paneling is one of the most inexpensive types of wall covering, the National Lumber Manufacturers association points out.

Luxury of wood paneling comes from the distinction it adds to a home interior, from the fact that it's adaptable to any style of architecture, and from the interesting effects created by different texture, grain, and color patterns in the wood.
