 For the past month Solomon has been busy giving talks to other town hall meetings up and down the state, and during the month of March he will be giving in-service training to employees of the city and county of Los Angeles. This will be the third successive year that

 The only time he will speak to the public on the topic, "We Can Reduce Juvenile Delinquency," in Los Angeles county area, will be in Torrance, and a large turnout of civic minded citizens is expected. This is the second year that Solomon will speak here.

GALL BLADDER
 The Gall Bladder is of interest clinically only when it becomes infected or otherwise is injured. Under such circumstances it no longer concentrates bile in the normal manner but pours out a fluid which differs greatly in composition from the normal bile; or it harbors a stone which causes trouble or perhaps when it is the site of a malignant growth. Fully one half of the patients who come to me believing they have stomach Ulcer or gastritis are really afflicted with some form of Gall Bladder disorder.

Ford Wins at Stock Car Racing "Olympics"

HERE'S FORD'S RECORD AT NASCAR'S DAYTONA BEACH NATIONAL SPEED WEEKS

- FIRST** in Sports Car Acceleration
 A Ford Thunderbird set a new record for American production sports cars.
- FIRST** in top speed—class 4
 A Ford "Six" took top honors in the Flying Mile for Class 4 American production passenger cars!
- FIRST** in 160-mile convertible race
 Ford V-8's took 1st and 2nd place in the National Convertible Championship Race.
- FIRST** in over-all performance
 Ford won the Pure Oil Manufacturer's Award for the most consistent performance.

The Ford V-8 again showed its tailight to all competitors in the "Olympics" of stock car racing at Daytona Beach, Florida.
 In blazing across the finish line Ford demonstrated once more the sizzling performance that keeps it the largest-selling V-8 in the world. No other car in the field could match Ford for getaway "git" . . . for straight-away acceleration . . . for all-around roadability. To see exactly how the other cars trailed behind Ford, see the chart at the top of this page.
 One of the secrets of Ford's performance is the tremendous torque (wheel turning power) developed by Ford engines. For example, Ford's new 225-h.p. Thunderbird engine develops more torque than any other engine in the low-price field. This means quicker response, smoother running in the kind of driving you do! Just nudge Ford's accelerator and whoosh! You pass in instants when instants count!
 Ford now offers this mighty 225-h.p. engine with any Ford Fairlane or Station Wagon model with Fordomatic. What's more, these engines are coming off the assembly lines right now! So why wait? Come in today for a Test Drive. Find out for yourself about Ford performance. Find out why Ford is the V-8 with the biggest following!
