

'Y' Welcomes Edith Simpelaar To Staff

The Torrance YWCA has welcomed a new member to its staff. Miss Edith Simpelaar, who was employed by the Harbor District YWCA and assigned to work with the teen age department in Torrance, has arrived and started work. Miss Simpelaar is an experienced teen-age director having served in this capacity in the YWCA in Zanesville, Ohio and more recently in Hamilton, Ohio. Her undergraduate work was done at the University of Wisconsin and Cornell college

where she obtained her B.A. degree in sociology. She will supervise the work of the existing Y-teen clubs, the advisors' group, and the Inter-club Council, and in addition assist in organizing new teen-age program activities in the Torrance area. The Torrance YWCA branch committee met recently at the 'Y'. Miss Simpelaar was introduced to the group by Mrs. G. C. Van Deventer. Reports were given by Mrs. Miles Booth, chairman of the house committee. Mrs. Lee Stamps of the camp committee discussed Camper-

ships for local teen-agers of the Y. The membership committee under Mrs. Thomas Westfall, are planning the annual dinner meeting in April 16, at 6:30 p.m. Members were asked to make reservations in advance. Mrs. Margaret Wilson, local director, gave May 15 as the annual meeting date in San Pedro at which time a new name for the Harbor Area will be discussed. The success of the Bridge classes being held at the Y may lead to a Bridge Night, Mrs. P. M. Crossman reported. Also joining in the discussions were Mesdames Victor Benard, Rufus Sandstrom.

Flash bulletin from Mobilgas Economy Run

FORD WINS IN ECONOMY TOO!

V-8 WINS CLASS A

In this year's Economy Run a new Ford V-8, with Fordomatic was the official victor over every car in its field, with a winning average of 47.7643 ton-miles per gallon. This means that the sturdier, heavier Ford carried more weight, with greater gas economy per pound, than any car in its field.

the gas-eating stop-and-go of city traffic and over the straight-line open road . . . Ford proved anew its traditional reputation for economical performance.

The winning Ford was a regular-production model taken right from the assembly line and officially impounded until the starter's gun sounded. It was no different than thousands of '56 Fords you see on the road and in dealers' showrooms. This proves that Ford, the Performance, Style and Safety leader, leads in Economy, too! That adds up to four big reasons why the '56 Ford is worth more when you buy it, while you drive it, and when you sell it, too!

Officially Open
"We are now officially open," Manager Marchand said, "and are now calling in the more than \$500,000 in subscriptions pledged to the association by local residents and businessmen. Although we will not perform any loan function immediately, we are accepting savings accounts."
Located two doors from the Post Office, in the heart of the Torrance shopping area, Palos Verdes Federal Savings was chartered to serve the Torrance, Lomita, Waverly, Hollywood Riviera, Palos Verdes, and Rolling Hills areas. Its modern quarters, completely remodeled to offer the latest in convenience and comfort for depositors, are situated in a shopping, industrial, and residential center of approximately 120,000 persons. This is about three times the 40,000-person national average for a Federal savings and loan association's area, Marchand said.
Local Need
"The need of a local savings institution owned by the citizens who use its facilities has been recognized at last," Marchand said. "Initiated and supervised by the U.S. Government, Palos Verdes Federal Savings and Loan association will provide them with a member of the banking fraternity which will pay the highest rate of interest consistent with safety on their savings accounts."
