### 2 New Prize Roses Are Now Available

The All American Rose selections was founded in 1939 to put all the many thousands of roses introduced each year to rigorous tests and determine which of these were outstanding.

Since then only 46 roses have met these conditions.

The winners for 1957 have been announced, and include a white floribunda type and a climber or pillar type.

Both of these varieties should prove outstanding in our area and also fall in a category where good performance as well as color is needed.

White Bouquet is a sparkling white floribunda rose, with sweet gardenia-like flowers which open slowly retaining a high center. When the flowers are fully open they show golden yellow stamens, which in themselves are very attractive.

The plant grows 18 to 24 inches tall and has a spreading habit. This type of growth makes it excellent for bedding or borders. Price next bare root season will be \$2.50 and you may be able to get ahead of the season through a few plants which will be offered this summer at a slightly higher cost.

dealer. He will reserve your order, and moreover, he himself is ordering his bare root roses for the coming season at this time.

## THE DENTIST SAYS:

ERNEST J. TARR, D.D.S.

### USE OLD TEETH FOR NEW PLATES

**QUESTION—**  
"I have worn dentures for years. Because of gum shrinkage they don't fit any more. I like the way the teeth look, so can they be used in a new plate?" asks Mrs. J. K. of Torrance.

**ANSWER—**  
Yes, the old teeth from your denture can be used in a new plate and can be used in such a way as to save you one-half the cost of a new plate.

The technique is this: A brand new impression is taken of the mouth and the old teeth are cut off the old plate and re-set exactly as they were onto the new plate. This works out wonderfully well where a new bite is now required. Completely new plastic is used throughout and the finished product is a brand new denture throughout except for the fact that the teeth from the former plate are used.

and the wearing of these roofless dentures has given new confidence and happiness to many people.

knife in his hand. Coming up behind Mrs. Horner, he allegedly held the knife to her throat, one hand on the handle, the other on the blade, and started slashing her.

Duhamel leaped at Horner, and while the two men fought, Mrs. Horner rushed out into the hallway. Getting away from Duhamel, Horner dashed after his wife, catching up with her in the hall.

Duhamel followed, picking up a black panther statue as he ran out of the room. He struck Horner with the statue until it broke but could not subdue him.

Unable to arouse apartment occupants to call police, Duhamel ran outside in an attempt to find a phone.

Horner, taking stock of himself, now decided that his wife needed instant medical attention. He packed her into his car and rushed her away for treatment.

Horner claims that he suspected that someone was in the apartment with his wife. He also claims that he wanted to talk over the property settlement with her, maintaining that she made unreasonable monetary demands. He admitted to detectives that he tried to kill her Sunday.

The two had been married 1 1/2 years. Both had reportedly been married previously.

Mrs. Horner's 10-year-old son, aroused out of his sleep, witnessed the whole violent struggle Sunday.
