DEAR EDITOR....

Vandalism Scored

The Editor, Torrance Press

June 14, 1956

The contractors, architects, and the staff of the Torrance Recreation Department today requested me to seek the assistance of interested parents and youth of Torrance in helping to reduce the amount of vandalism being committed on the new recreation construction.

Many hundreds of dollars have had to be spent and many days work lost in repairing what appears to be malicious vandalism on buildings at the Seaside park, Walteria park, and at the new municipal plunge.

I believe that the youth in town do not realize that these new recreation facilities are being built for them. Surely they would not destroy what belongs to them, and certainly they should be able to realize that these facilities are there to add to their enjoyment of life.

The property they are destroying is costing them and their parents money and this same damage is prolonging the time before the facilities can be

opened for the enjoyment of all.

It is with regret that I find it necessary to call attention to this shameful vandalism. However, special patrols by the Recreation Department, Park Department, and the contractors have not had much effect on reducing this vandalism which apparently occurs mostly at night and on weekends.

We, of the Recreation Department, seek the cooperation of all residents of Torrance in coping with this embarrassing development.

Sincerely, (s) HARRY VAN BELLEHEM Director of Recreation

PERRY P-TA
