If you're saving for peace of mind...

...where you save does make a difference

It's a good feeling to have savings for any emergency. And where you save does make a difference — as over 16 million Americans know. They're enjoying important advantages by putting their money into insured Savings and Loan Associations. Excellent returns from your money is one advantage. Another is efficient service from men who know how to make your dollars work harder for you. And, of course, your money is safe. Your savings are protected by sound management and substantial reserves. They are insured up to \$10,000 by the FSLIC—an agency of the U. S. Government. These are the reasons why Americans are putting more of their savings account dollars into insured Savings and Loan Associations than anywhere else! Start enjoying these worthwhile advantages at your nearby insured Association. Drop in tomorrow.

### Now you know!

The answers to everyday insurance problems\*

By LES KING

QUESTION: For business reasons I give my insurance to several agents. Would it really be better to have just one agent handle all of it?

ANSWER: It's usually a good idea to have one good agent periodically examine your entire insurance program. That agent will gladly apportion your business among other agents according to your wishes.

\* If you'll address your own insurance questions to this office, we'll try to give you the correct answers and there will be no charge or obligation of any kind.

### LA Chamber Seeks Persons Born Here Oct. 15, 1888

How many persons born in the small pueblo of Los Angeles, October 15, 1888, are living in the bustling metropolis today? Who among them has the most interesting eyewitness story to tell of the growth of Los Angeles during a period in which the population rose from 70,000 to more than 2,000,000?

The Los Angeles Chamber of Commerce has launched an intensive search for all citizens born on the day which marked the first meeting of the men who founded the world-famous civic organization.

In announcing the search for senior citizens who were born on the Chamber's founding day, President Arnold O. Beckman said the contest is open to all qualified residents of the Los Angeles Metropolitan Area, which includes Los Angeles and Orange Counties. The man or woman who meets all contest requirements will be an honored guest at the dedication ceremonies of the Chamber's new \$1,000,000 home, 404 South Bixel street, next September 11.

### Savings and Loan Report Resources

S. Mark Taper, chairman of the board, American Savings & Loan Association, in a report made to the directors of the Association this week, announced that resources were at \$94,900,000 for an all-time high. "This record high," stated Taper, "is due in part to the recent increase of the interest rate to 4% paid on all savings accounts for the semi-annual period ending December 31, 1956. Also, the total number of investors was recorded at 46,400, the highest in the Association's 36-year history," according to Taper.

American Savings, with headquarters in Whittier, maintains offices in Friendly Hills, Puente, Temple City, Montrose, Redondo Beach and Manhattan Beach.

### CD Sirens To Sound

Los Angeles County Civil Defense sirens will sound Friday morning August 31, as a part of the regular monthly state-wide equipment test, Howard Earl, Los Angeles County Disaster-Civil Defense Authority director announced today. The test is scheduled for 10 a.m. and will follow the usual test pattern of one minute of steady blast, one minute of silence, and one minute of warbling sound.

If this were a real attack warning, the director said, the pattern would follow the federal pattern of three minutes instead of one minute.

Sirens throughout the county are used monthly for the purpose of checking mechanical facilities to insure proper functioning in event of a disaster, Earl said.
