

Avalon Village Health Center Plans Opening

Residents of Avalon Village and the Carson-Dominguez area of the Compton Health district will celebrate the opening of a new branch health center September 11, the latest of 27 such facilities operated by the Los Angeles County Health department, according to Supervisor Burton W. Chace.

The new facility, to be known as the Avalon Village Health center, will occupy quarters at 406 East 231st, which was remodelled especially for health department needs and leased to the County by the Avalon Village Co. The center has been designed to serve approximately 3000 families living in the area, Chace declared.

In October pre-natal clinics will be arranged for expectant mothers who would otherwise be unable to obtain private medical care.

COMPANY PROMOTES HAMILTON

Murray T. Hamilton, safety superintendent of General Petroleum corporation's Torrance refinery since 1954, has been promoted to the position of manager of the company's safety department, it was announced today by A. J. Donnelly, vice-president and director of industrial relations.

Hamilton succeeds John H. McKenzie, manager of the Safety department since 1947, who has been promoted to the position of assistant safety director for Socony Mobil Oil company, New York city. General Petroleum corporation is the western affiliate of Socony Mobil.

Hamilton joined General Petroleum in 1938 doing construction work. He has been in fire protection work for the company since 1946. Before becoming safety superintendent at Torrance, he was fire and safety supervisor at the refinery. In his new position his headquarters will be in the General Petroleum building in downtown Los Angeles.

He is a member of the Southern California Industrial Safety society, the Palos Verdes Estates Breakfast club, and is a past president of the Torrance Toastmasters.

He served in the Navy during World War II.

Ford Trucks prove their dependability

on the biggest construction job since the Panama Canal!

Not in 42 years has the world seen such a massing of construction men and machines. They're clearing the way to the heart of a continent—in the mighty St. Lawrence Power and Seaway project.

The going's rugged and the completion date allows no delay. That's why you find dependable Ford trucks everywhere.

How those Fords can take it! It's a proven fact Ford trucks outlast every other leading make! And their day-in, day-out dependability is a major reason why Ford trucks cost less. It also means more work output.

Ford's first cost is low. The gas and oil economy of modern Short Stroke engines keeps running costs low. And longer-lived Ford trucks bring top dollar on resale. To get lower truck costs all around, take a tip from America's biggest truck users—the men who know truck costs best.

THE BIG FLEETS BUY MORE FORD TRUCKS THAN ANY OTHER MAKE

Ford T-800 working at the Iroquois Control Dam hauls steel night and day—without letup. This Big Job offers a choice of two Torque King V-8's—200 and 212 horsepower. Power Steering and tachometer standard. Max. GVW 45,000 lb.

Ford Trucks cost less—last longer

Using latest registration data on 10,502,351 trucks, life insurance experts prove Ford trucks last longer.
