

Rubbish Gets High Rating

Torrance has a good rubbish collection service, according to the rating of the Air Pollution Control District.

The district found that the city's free pick-up service makes its weekly rounds of 90-100 percent of local residences.

Membership Drive for Artist Series Begins

Four Renowned Artists Slated To Appear Here

The annual membership drive for the Youth Band-Artist Concerts association's 1956-57 season got into full swing with a kick-off dinner held last Thursday evening for the division chairmen and officials of the Torrance Area Youth Band, sponsors of the series.

Paxton Cameraman With AF

A Torrance resident, Wilson E. Paxton, Jr., has been assigned by the U.S. Air Force to Orlando Air Force Base, Orlando, Florida, where he will work as a motion picture cameraman.

Paxton attended El Camino junior college where he majored in drama. He graduated from Torrance high school in 1948. Paxton is a veteran of the Korean war and a holder of the combat infantry badge. He was born in Loveland, Ohio.

At the central Florida base, operated by Military Air Transport Service, he is assigned to the 1365th Photo Group. That organization produces training and documentary films for Air Force use.

JEAN CASADESUS
January 28, 1957
Pianist

Jean Casadesus carries on the great Casadesus tradition. In the past three seasons he has appeared with twenty American orchestras including the New York Philharmonic, Pittsburgh, and St. Louis Symphonies. "A technique of irreproachable perfection." ... Nouvelles Litteraires, Paris.

LORENZO ALVARY,
Bass-Baritone
November 8, 1956

Bass-baritone star of the Metropolitan, San Francisco and other opera companies of North and South America. Has appeared as soloist under Toscanini, Bruno Walter, and other famous conductors. "From every point of view, visually, vocally, and historically... a joy to behold."—New York Herald Tribune.

JULIAN OLEVSKY,
Violinist

A new and exciting concert phenomenon has arrived to captivate music lovers on two continents. He is Julian Olevsky, a "full-fledged master" at the age of twenty-four. Behind him are two European tours, two New York recitals and two American nationwide tours. "The most worthwhile of our younger violinists." —London Times.

ADELE GEBR,
Coloratura-Soprano
March 9, 1957
Adele Gebr, vivacious and beautiful coloratura-soprano, received her training in the leading opera companies of Europe and South America. Music critics predict a bright future for this young and talented girl.

Sunbeam Introduces New Controlled-Heat Sausepan

Sunbeam corporation, manufacturers of the famous Mix-master and controlled-heat frypan, have introduced a new controlled-heat automatic sausepan. This new appliance is the perfect companion to the Sunbeam controlled-heat frypan.

The sausepan is now available at local Sunbeam dealers who met for a demonstration showing last week.

Pot watching and boiling over is eliminated because this new Sunbeam electric appliance has an exclusive easy-to-set simmer-safe control. This simmer-safe control regulates a super-sensitive thermostat said to be the most accurate ever developed for a utensil of this kind. The new Sunbeam sausepan reaches simmer-safe temperatures quickly and maintains the desired temperature with amazing accuracy.

A remarkable difference results in countless everyday foods. The simmer-safe controlled-heat of the sunbeam sausepan makes all foods look better, taste more delicious and nutritious. Meat shrinkage is reduced up to 23% and the delicious natural meat juices are protected from evaporation giving the user more gravy.

The new Sunbeam sausepan has double walls, which retain the heat with up to three times greater efficiency than the ordinary sausepan. The ideal insulation provided by these double walls also result in cooler, more economical cooking. With controlled-heat it keeps temperatures at the exact degree throughout the cooking cycle, holding the full nutrition in foods. With Sunbeam controlled-heat sausepan vegetables may be cooked with less water so that they retain their garden fresh appearance and full nutritional value. Meats may be simmered safely over a longer period of time to cook them to their delicious best.

Saxon ... High ... Lights

By BONNIE WILLIAMS

The Saxon Varsity was defeated last Friday by Laguna Beach 33-0 after a valiant effort to make this their first win. This was their second game this season as they were defeated by Artesia by a close 13-6 two weeks ago.

Led by Captain Al (Red Dog) Bledsoe and Co-captain Bob Walker they played a hard game. The student cheering section was the loudest I have ever heard it.

Special thanks should go to cheerleaders Babs Cage, Jeanie Taylor, Julie Widmark, and Carol Lesar who did a good job of getting sore throats. They are getting used to losing their voices.

Our next game is with Millikan high in Long Beach tomorrow night at Millikan. Let's all get out and support our team.

Band in Debut
The Saxon marching band made their first appearance this season at the Laguna Beach game led by Drum Major Kenny Cook.

Their half time show centered around the coming elections as they formed the words "Adla, Ike, and Vote."

The Republican elephant and the Democratic donkey were

both on hand describing what they intended to do to the other party.

The band saluted Laguna and then formed a monogrammed NHS and played one of North High's school songs as they marched off the field.

Observe Please
All students have been asked to watch their conduct at the football games and conform to the rules so we might win the sportmanship trophy this year.

Please do not stamp your feet unless led in an organized yell by the cheerleaders. There should be no smoking in the student section and all refuse should be deposited in the proper containers, not in the stands or on the grounds.

No noise makers are allowed in the student section or instruments other than those used in the band. Students are also requested to stay in the stands until the alma maters from both schools have been sung.

All of this plus respect for the other team will win the trophy for us. So let's do the best we can to observe these rules and make our school known for its good behavior as well as its friendliness.

YMCA SETS ANNUAL BREAKFAST

Over 2000 tickets have been distributed to board members, Y-Club boys and business concerns for the annual YMCA Good Neighbor Breakfast, October 27, at the Torrance Civic Auditorium, Gil Derouin of the Torrance YMCA board announced today.

Derouin stated that four nominations for the 1956 good neighbor award have been received at the "Y" office. All citizens are invited to submit names of persons whom they consider eligible for this traditional honor. Letters should be mailed to the YMCA, 2080 Washington avenue, during the next week.

Derouin pointed out that the proceeds of the breakfast will be used to make improvements at the local "Y" building, and to support the present athletic program which is open to all boys in the Torrance area.

Top ticket salesman reported thus far is C. C. Morgan of Columbia-Geneva Steel, with Bill Speck of American-Standard close behind. The most enthusiastic salesman has been Dr. Rollin Smith, who asked for 200 tickets to sell.

Tickets for this city-wide occasion may be obtained at the YMCA or from local business concerns in the community. The breakfast hours will be from 6 a.m. until 11 a.m. on Saturday, October 27.

Industry Topic At Breakfast

This month's Chamber of Commerce breakfast will be held Tuesday, October 16, at 7:30 a.m. at the Torrance YWCA, corner Carson and Plaza del Amo.

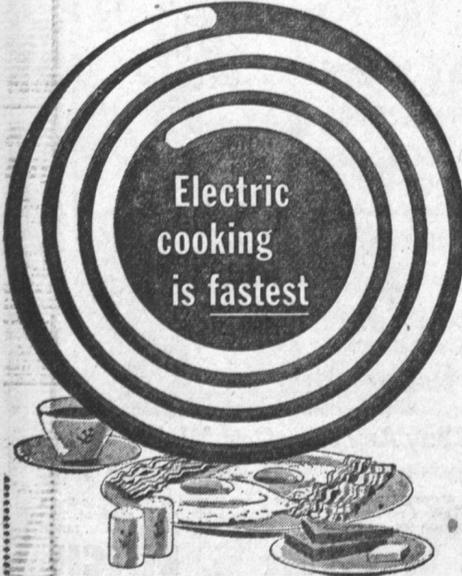

Topic will be "Another Salute to Industry—Featuring Diatomaceous Earth."

Co-chairman will be Al Muir of Great Lakes Carbon and O. R. Trueblood of McMahan's furniture store. Reservations may be made by calling the chamber.

A TRUCK LOAD OF SHOES

Volunteers of America haul away about 2500 pairs of shoes collected as part of the recent bike contest sponsored by Torrance Bootery. Sol Young (l), owner of the store, turned the shoes over to the organization which helps homeless men, women and children.—Press Photo.

Electric cooking is fastest

Now! Bacon and Eggs in 3 1/2 minutes when you cook electrically!

TODAY, NOTHING COOKS FASTER than a modern electric range. Bacon and eggs in 3 1/2 minutes. Instant coffee in 60 seconds. Hot soup in 68 seconds. Fry, bake, broil or roast—electricity does it better.

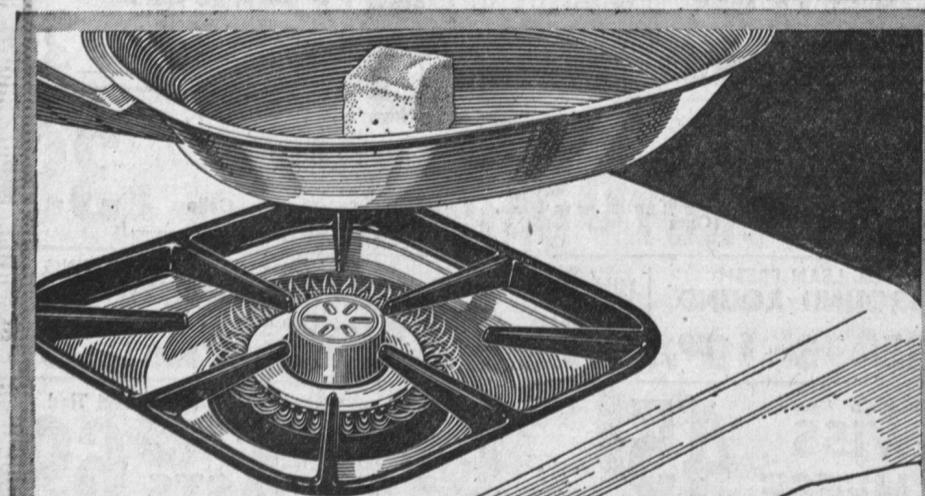

THERE'S MORE: your kitchen is cooler. And cleaner. Pots and pans stay mirror-bright. Kitchen walls look fresh and new twice as long.

SOMEDAY YOU'LL COOK on a modern electric range. It's almost inevitable. But why postpone it? Edison rates are among the lowest in the country. What's more, after the warranty on your range expires, Edison services it free as long as you own it. (The only charge is for parts, when needed.)

IF YOU'RE STILL COOKING the old way, it's simply because you haven't seen the new '56 electric ranges at your appliance dealer's.

LIVE BETTER—ELECTRICALLY!

SOUTHERN CALIFORNIA GAS COMPANY

HOW TOP BURNER TEMPERATURE CONTROL SERVES YOU.

You use Top Burner Temperature Control like you do your oven heat control. You simply dial the right temperature for the particular food you are cooking. The burner automatically turns itself up or down as needed to keep your food cooking

always at the temperature selected. This means that any pan you place on this burner can be automatic. You'll have no boil-overs, no scorching, no cooking that's either too fast or too slow. See a demonstration at your dealer's.

This is TOP BURNER TEMPERATURE CONTROL

—the great new Gas range feature!

Now you can make any pot or pan automatic

Top burner cooking on the new Gas ranges is now as automatic as baking and roasting with true Top Burner Temperature Control. This new feature lets you set the right temperature for food you prepare—and never touch the dial again until you turn the Gas off. The burner adjusts itself automatically—keeps your food always at the temperature you want.

But true Top Burner Temperature Control is just one of many new features on today's Gas ranges. For example, you will find rotary burners—an added feature in broiler compartments—and of course they're smokeless with Gas! Visit your neighborhood Gas range dealer or your Gas Company's showrooms soon. See all that's new about the new Gas ranges.

Makes of Gas ranges featuring true Top Burner Temperature Control: CALORIC, FLORENCE, GAFFERS & SATTLER, HARDWICK, MAGIC CHEF, O'KEEFE & MERRITT, ROPER, WEDGEWOOD, and WESTERN-HOLLY.
