"California Must Not Gamble WITH NATIONAL DEFENSE"

"We must not gamble on National security. Oil is critically important to defense and we can't afford to waste it. PROPOSITION 4 will strongly affect our military strength."

"PROPOSITION 4 is a true Conservation measure which will enhance the State's economy and contribute to the National security."

"PROPOSITION 4 is of paramount importance to our National defense. The current Suez Canal situation is a reminder of the imperative need of reducing our dependence on foreign oil."

"America must maintain the greatest possible production of oil to make an aggressor Nation think twice before attacking. PROPOSITION 4 will lessen our dependence on Middle East oil."

OUR MILITARY LEADERS, such as those shown above, are men highly regarded for their integrity. Just a few short years ago, when a world war threatened our safety on two coastlines, men such as these made the decisions that were vital to our National security. That they and hundreds of other leaders of real integrity now endorse PROPOSITION 4 as a beneficial oil conservation measure is assurance to the voters of the measure's merit.

PROPOSITION 4 IS ENDORSED BY LEADERS WHOSE OPINIONS ARE WORTHY OF PUBLIC CONFIDENCE.

UNCENSORED!...

ATTORNEY GENERAL BROWN: "I shall vote against Proposition 4...the intent of this bill is to give the oil companies an advantage over the State...It is unwise to by-pass the legislative process..."

LT. GOVERNOR POWERS: "I shall vote NO on Proposition 4...I have implicit confidence in the Legislature...In view of the Attorney General's findings, tidelands leasing programs might be handicapped for years..."

CENSORED!... by STANDARD OIL

BEFORE CENSORSHIP... This billboard contains uncensored copy CONDEMNING PROPOSITION NO. 4 AS A VICIOUS OIL MONOPOLY BILL.

AFTER CENSORSHIP... This is one of a thousand billboards censored with strips of white paper to blot out the words "monopoly" and "you."

On October 10, Standard Oil Company—a principal backer of Proposition No. 4—wrote a letter to California outdoor advertising companies objecting to the word "monopoly" in poster copy submitted by opponents of Proposition No. 4. The next day six companies refused to permit the words "MONOPOLY" or "YOU" on the posters. Six other companies—small independents—refused to be pushed around by Standard Oil and posted the original copy. Today, throughout California, these butchered billboards stand as shameful witnesses to Standard Oil's might. They prove that—WHAT STANDARD WANTS, STANDARD GETS—UNTIL NOW!

Republicans, Democrats, Labor, Veterans, Businessmen, Legislators, Civic Leaders all say: "PROPOSITION NO. 4 IS NOT CONSERVATION—IT IS MONOPOLY!"
