WHO'S THAT FUNNY MAN? What a clown he is! Making such silly faces... silly noises, too. Thinks he's talking my language. But I kind of like him because... I guess he belongs to me. If only he could understand me... you know what I'd tell him? I like it here!

Behind the assurance so many American children feel—from their earliest days—lies a sense of security that comes from their parents. And over 16 million Americans—parents and others, too—enjoy that sense of security because of savings... entrusted to their local Insured Savings and Loan Association. This trust is inspired by sound local management, excellent returns and insured safety. Savings are insured up to \$10,000 by the Federal Savings and Loan Insurance Corporation, an agency of the U. S. Government. Insured Savings and Loan Associations are a major and steadily growing factor in the Nation's economy. For millions they encourage thrift, promote home ownership and create paying jobs. With over \$37 billion of assets these insured associations help keep the Nation's prosperity vigorous and genuinely sound.
