• all-transistor
portable radio

A MIRACLE OF COMPACT POWER

See it today—G.E.'s latest radio achievement. An all-transistor portable radio powered by one tiny, inexpensive battery that will last far longer than any standard portable radio. And, with the new transistors, there are no tubes to replace. So small it fits in either purse or pocket, you can take it everywhere you go. And remember, the handsome plastic case is unbreakable under normal use. Your choice is always or never.

Top-grain olexide carrying case and earphone for private listening are available at extra cost.

Price includes 90-day free warranty on parts and labor. Come in today and ask for a demonstration at
