

# Cancer Film

Numerous civic-minded local organizations have volunteered their help in showing the American Cancer Society film, "146,000 Could Live," a documentary on

the seven danger signals of the disease.

Allan K. Jonas, who is serving as ACS District 8 Education chairman, urged all men and women to attend the free public showings which started Tuesday, November 27, and will con-

tinue through Tuesday, December 4.

"The film carries an underlying positive message," Jonas said. "Lives are being saved today that yesterday might have been doomed. No one can afford to miss seeing this film, for the

information it contains is of prime importance in fighting cancer and saving lives." It will be shown December 3, at the Torrance Civic auditorium, 1349 El Prado, at 8 p.m. followed by a question and answer period conducted by a local physician.

# Harbor City Placed Under Quarantine

Following a rabid dog bite case, the entire Harbor City area was placed under a strict 30-day quarantine as of a week ago Wednesday, according to Animal Regulation Department officials.

A small dog which bit 9-year-old Mabel Muir, 1712 W. 252nd

st., died of rabies and the girl has started a series of painful Pasteur treatment shots.

Special patrols are cruising around the Harbor City area with orders to pick up all dogs found on the streets.

The Muir child was bitten on the knee while playing in front of her home Nov. 12. A small mixed-breed Chihuahua dog was found by neighbors after intensive search and turned over the San Pedro Animal shelter, where it died of rabies two

days later. Officials asked owners to keep their dogs in back yards or at home for the duration of the quarantine. The owner of the Chihuahua is not known.
