

El Nido Park Annexation Discussed

DMV Vehicle Registration Notices Out

Six million vehicle registration statements are in the mail today for delivery to California motorists.

They are ready for submission by registered car owners at over 400 service points in the State, including 120 Department of Motor Vehicles permanent offices, 125 temporary stations in metropolitan area banks, places served by traveling registration crews, and auto club association offices

authorized to serve their members. Official opening of the application period is January 2, and fees may be paid without penalty through Monday, February 4. Renewal insignia for 1957 features a reflectorized red sticker to be attached to the rear license plate.

Paul Mason, director of Motor Vehicles, asks all owners to read the cards carefully to check accuracy of name and address, and description of the

vehicle. He urges each applicant to help speed the department's service by typing or printing his name and address on the blank lines of the right hand stub of the familiar statement card.

He warns that the stub must not be detached from the main body of the card.

He pointed to the bank service which starts January 2 as an outstanding contribution for the convenience of the public. Renewals at the bank stations,

Since the people of El Nido have voted to annex to Torrance, Supervisor Kenneth Hahn has had a conference with Mayor Albert Isen to discuss

he emphasized, are limited to applications which can be processed by submitting the fees with the pre-punched statement cards mailed by DMV.

Persons who fail to receive statements are still responsible for their registrations, and may apply at regular DMV offices by presenting last year's cards or white slips.

turning El Nido park over to the City of Torrance for operation.

The county has just awarded a \$27,899 contract for improvements at the park and Supervisor Hahn stated that he believed that the work should go forward since the park will serve the entire community.

"The children who use the park never ask who runs it—they just want a good park," Hahn declared.

Improvements under the present contract include new comfort stations and grading for fu-

ture improvements.

Earlier this year, Hahn was instrumental in the construction of a new community building at the park and a number of items of playground equipment installed.

He explained that it is his policy to assist in providing adequate recreational facilities for the people, whether they live in cities or in unincorporated areas.

El Nido park, located at 182nd and Kingsdale ave., serves Torrance, Redondo Beach, El Nido and Lawndale.

Sports News

JayCee Week

Mayor Albert Isen has proclaimed January 20-26 as "Junior Chamber of Commerce" week in Torrance.

It will not only commemorate the founding of the JayCeets, but the outstanding young man of the community will receive a distinguished service award.

Midget Hoop League Will Start Here

The Torrance Recreation department's basketball leagues for elementary school age boys will start Saturday, January 5, at four central locations.

Two leagues will be conducted in the Midget (seventh and eighth grade boys) division. North League games will be played in the North High Boy's gym, under the leadership of Coach Clifford Graybehl.

The South-Central Midget games will all be held in the Torrance High school Boys' gym. Fanny Markham will be in charge.

Pee Wee leagues composed of sixth grade boys and below, will be in the North League, and will play at North High; Central League games will be played at Greenwood School playground, and the South League will play at the Newton School playground.

Nick Dellan is in charge of the South League and Darol Kusch will coach the Central League. General supervision of the leagues will be under Elmer "Red" Moon, city athletic director, assisted by Dave Jones.
