Hospital . . .

(Continued From Page 1)
chairman of the Little Company of Mary campaign industry committee, today mailed letters to all members of this group informing them that the January 10 gathering is a "must" for executives of every firm in the area.
He cited the action of Los Angeles County Supervisors in approving the district hospital petition now being circulated and estimated that more than 1,500 signatures are being added each day the petition is circulated.
Tax Burden
"All of us have been made aware of the disproportionate tax burden which would fall upon industry should a district hospital be created," he wrote.
"Our participation in the Little Company of Mary Hospital campaign, to assure construction of a voluntary, tax-free institution, is the only certain way to defeat the proposed district hospital and to protect our firms against an inequitable tax assessment."
Revell said he felt sure that industry generally would prefer the accredited, Grade A, tax-free hospital to a politically operated district hospital.
He stated that his firm is prepared to give for the voluntary campaign at a rate of about \$35 per employee, which is considerably above the proposed formula of giving by industry. Industry, under the formula adopted by the industry executive committee, is asked to give 23 percent of the total cost of the 125-bed institution, while local business and professional firms, the general public, and local organizations contribute toward a fund for expansion of the hospital to 200 beds or more, as needs demand. The remainder of financing for the \$2,500,000 project will come from federal and state allocations, from \$150,000 pledged by local doctors, and from a \$135,000 gift from the Little Company of Mary.

YMCA . . .

(Continued From Page 1)
Torrance.
Chairman Gill welcomed all help who would like to work in the Initial Gifts division, and asked men to come to the luncheon tomorrow noon. Gill also stated that there are probably many citizens of Torrance who would like to support the YMCA as members of the Century club.
He guaranteed that a volunteer worker would call on any person who phones the YMCA at FAirfax 8-1272.
"The steaks will be excellent, and the feeling in your heart very warm," said Gill.
