

Pipe Mill

(Continued from Page 22)

ments on the question of the Gulf of Ellah (Aqaba)," he wrote, "a question which represents a challenge to all free-thinking nations who believe in free commerce everywhere." "Incidentally," he continued in his letter to Revel "this is a subject which should be close to your heart if only for the fact that it is connected with a pipeline, the pipes for which are being produced in the plant supplied by you." The gulf of Aqaba runs roughly parallel to the Suez canal, Naveh points out. Until November, 1956, six Egyptian

gun emplacements prevented free navigation.

"(Then) Israel liberated the Islands (guarding the gulf) and put an end to a most flagrant abuse of the world's basic principle that all straits and waterways are to be free and open for navigation to ships of all nations," Naveh said.

Because the Suez canal is vulnerable and narrow, the Gulf of Aqaba could serve as a vital waterway in a similar capacity.

"The most important point is that the mere existence of such a line of communication," he concludes, "would break the Egyptian monopoly. It would free

Lionesses to Dine Missionary

The Ladies of the Lions are looking forward to a social evening March 4, when they will dine at Helen Wong's Restaurant, 1828 West Rosecrans ave. Hostessing for the event will be Mrs. Betty Hubert, who says, "Be there at 7:30 sharp, or else bring your own chopsticks!"

REMARKABLE IS RIGHT! The action-getting power of Torrance Press Classified Ads will amaze you. Dial FA. 8-2345.

the world, once and for all, of the danger of vital supplies being held up by Egyptian political interference or be made a tool for blackmailing the world as a whole."

Emperor's New Clothes' To Benefit Philharmonic

The Children's Theatre production of the "Emperor's New Clothes," will be presented by the Peninsula Committee for the Los Angeles Philharmonic orchestra on Saturday, March 2 at Dana Jr. High school, 15th and Cabrillo ave., San Pedro. Two performances of the musical fairy tale will be given at 10:30 a.m. and 2:30 p.m. Nancy Andrews and Eldridge

Walker, who directed last year's successful production of "Snow White and the Seven Dwarfs," are again directing the show. Both directors are from Lomita, and are active in local little theatre groups. Last summer they directed 10 weeks of children's theatre summer stock in Michigan. The "Emperor's New Clothes" was their most popular show.

Choreography is being handled by Betty Vee and Mrs. Philip Abbott is project chairman.

In the cast are Leo Neuman, Lomita, who has extensive training as a dancer and appeared in the movie, "Carousel"; Ed Skillman, also of Lomita, who has had considerable background in the theatre with the Palos Verdes Players, Manhattan Players, and San Pedro Players; Jerry Skillman, Glenn and Jeanne Cahill, popular theatre personalities from Palos Verdes; Carl Furst, as the emperor; and Doug Dowell, a member of the Palos Verdes Junior players. He appeared in last year's committee sponsored production of "Snow White" and has been very active in most of the children's plays in the area for the last four years.

Assisting Mrs. Abbott are Mmes. Victor B. Robertson, patron chairman; Laurence A. Green, publicity chairman; Harry M. Brandel Jr. and Robert C. Lambie, ticket chairman; John A. Hughes, telephone chairman; and Donald H. Earl, program and advertising chairman.

Chief purpose of the Peninsula Committee for the Los Angeles Philharmonic orchestra is to aid and support the orchestra. The Children's Theatre production given each spring is one of the fund raising projects to accomplish this aim.

THS Bees, Cees Close Ball Season

Torrance's Tartar Bee and Cee cage squads closed out their 1957 seasons February 19th, when they split victories with Mira Costa's lightweight squads on Micohi's hardwood.

In the Cee preliminary game, Dick Scully's local crew came through with a tight 41-35 win. Billy Williams bucketed 14 points to lead Torrance to the win. The Tartar Cees finished the league with an impressive 9 win 3 loss record.

The THS Bee team dropped its tenth game of the season by the narrow margin of 38-23 to the Mustangs, winding up the 1957 slate with a poorly 2-10 status.

Ronnie Hase has been the Bee's top scorer this year, averaging about 17 points per game from his guard spot. He will not be back next year, however, as he is a senior. Other graduating seniors include Billy LaDuke, and Tommy Hammach.

The Cee's top scorers have been Jim Hester, Williams, and Cliff Roy, all of whom are freshmen.

MACHINE SHOP CLASS OPENS

A Machine Shop class for adults will open at North High school, W. 182nd St. and Yukon, on Tuesday, March 5. This class will meet on Tuesdays and Thursdays in Room 15 from 7-10 p.m.

Due to an existing waiting list, only a limited number of new students may enroll.

Instruction will include training in drill press, lathe, shaper, milling machine and grinder.

For further information call the Adult Education office, Torrance Evening High school.

Realty Makes Half-Million Dollar Deal

A Torrance blvd. corner was leased to Alter Realty & Insurance, for a total period of 99 years, involving more than half million dollars in rental, according to Gerald L. Alter, President of the Torrance realty corporation, who executed the lease for the company after more than a year of negotiations.

In the long negotiations for the lease, Boris Stauffer Woolley, local attorney, represented Alter Realty & Insurance, and attorney, Donald Hitchcock of the Torrance firm of Armstrong, Mewborn, and Hitchcock represented Dr. and Mrs. O. E. Fossum the owners. Dr. Fossum, a retired dentist, maintained professional offices for many years in downtown Torrance and as a long time Torrance resident is well known to most of the older residents.

Alter discloses that present plans for the property are now being developed to convert the existing residential apartment building into commercial and professional use.
