Board Hears Marion Ave. Homeowners

Action on the disputed Marion ave. opening to South High school was delayed until the next meeting of the Board of Education.

Board members heard more testimony Tuesday night on the matter.

Homeowners, who do not want the dead-end street opened up, claimed that high school youngsters could use a sidewalk which runs parallel to the driveway leading to the parking lot with safety.

They said that the hazards of opening Marion ave. would be greater and the annoyances continuous for residents living there.

A report by Sam Waldrip, assistant superintendent, business, stated:

"The problem to be settled is: whether or not we should have pedestrian traffic and automobile traffic entering and leaving the site through the same rather narrow driveway."

MUSIC WORKSHOP HELD AT SCHOOL

The parent educational class of the Torrance Nursery school held a music workshop recently to teach the membership how to use the autoharp. This instrument has been recently purchased by the school to use in singing with the children.

Mrs. Don McLean brought her guitar and Mrs. Ralph Carr and Mrs. Henry Morgan played the piano. These women had practiced previously to acquaint themselves with the autoharp and had selected several songs to teach the other members.
