

Charles Deck, County Deputy Warden for Civil Defense, has announced a meeting for 7:30 p.m. Monday June 10 at the Lennox Sheriff station, 4331 Lennox Blvd. for wardens and

the public to discuss the coming simulated H-bomb drops which will take place on a national scale July 12. The film "Attack" will supplement talks by county officials and discussion from the floor.

Flight Course

Army Capt. David R. Pierson, whose wife, Joy, lives at 3530 W. 187th st., recently completed a four-month primary flight training course at Gary, Army Air field, Camp Gary, Tex.

Receives Appointment ... At National Supply

McClendon Appointed to New Position

Jess D. McClendon was today appointed to the position of Division Sales manager at Torrance for the California Division of The National Supply Co. McClendon's appointment was announced by J. L. Evans, division manager, to succeed Charles T. Reichart, transferred to the Export Division for special assignment in England and other European countries.

McClendon was first employed by the National Supply Co., in December of 1925 as a store assistant. In the succeeding years he advanced to positions of store manager, field salesman, special credit representative, supervisor of stores, sales representative, acting and assistant divisions sales manager, and division tubular manager, the position he held until his new appointment today.

Moving up to the vacated division tubular manager's job is John R. Mefford, sales representative in Los Angeles.

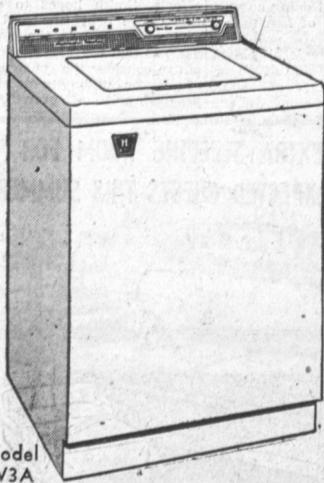

In addition to the appointment of Mefford to Division Tubular Manager, other National Supply men have been assigned new positions. Charles A. Chandler, district manager, with headquarters in Torrance, is being placed in charge of southern and coastal and San Joaquin Valley districts. Lester E. Stanley, a long time resident of Torrance, is promoted to the office of district manager of the San Joaquin valley to headquarters in Bakersfield.

All new promotions and new assignments are effective June 1.

Get in the fine-car swim at the low Ford price!

There's no need to pay a "fancy price" to enjoy fine-car luxury. Ford is lowest priced* of the low-price three, yet offers values you'd expect only in cars costing far more!

To start with, you can easily pay twice the money, and not find lines that can hold a candle to Ford's for lowness, loveliness, or just plain good taste.

But stop inside. That's when you'll find the real evidence of Ford's quality! And, on the way in, note that Ford offers door checks that hold doors open in either of two positions—for easy entrance or exit. A little thing. But, in a fine car, why not? Then, inside, notice how comfortable those plush, foam-rubber seats are. They'll stay that way. And on long trips. For they're scientifically contoured over non-sag springs. Your rear-seat passengers are treated

extra kindly, too—with spring assists to help them open and close the doors—with the most leg room in Ford's field!

Fine cars are smooth—and that's another place Ford really shows its stuff! Ford delivers its famous V-8 power smooth as a whisper. That's because only Ford takes the pains to electronically balance each engine while running under its own power. Not even the makers of the most expensive automobiles go this far to bring you super-smooth performance.

Ford rides fine-car smooth and quiet, too. You can thank the new "Inner Ford" for that. Ford, for instance, has

a swept-back front suspension that actually "rolls with the punch" of every road bump.

Ford's rear springs automatically adjust to give the right ride for every road. And Ford keeps things quiet, with the most sound insulation in its field.

Fine cars are built to stay solid. So's Ford!

Ford has the only frame in its field to make use of rugged tubular steel beams. No car at the price offers so many roof-strengthening beams. Expensive cars aren't built of thicker body steel or with sounder engineering skill. Then, of course, in Ford you can have all the power assists and other conveniences found in fine cars. And they cost far less in Ford. Yes! In every feature, every part, Ford is the fine car at half the fine-car price. Come in and see!

Get in on the fun and savings now in the new kind of **FORD**
