Custom Real Estate Builds New Office

Robert J. Baldwin, of Custom Real Estate and Investments, 2166 Torrance Blvd., announced this week the completion of the new office buildings at this location.

The three offices, one of which houses the real estate firm, are attractively styled and modern in appearance, both inside and out.

Baldwin started Custom Real Estate two years ago by himself and now has a staff of 10. The firm handles all real estate phases—commercial, residential, and industrial.

Last year the firm sold one million dollars worth of property plus 110 tract houses, Baldwin stated.

He went into the real estate

field shortly after retiring from the Navy in which he served 22 years. He lives here with his wife and two sons.

Custom Real Estate sponsors the Giants in Little League. Baldwin is a member of the Optimist club and American Legion.

He invites local residents to come in and inspect the new office.
