### 'SPIRIT' SCIENCE SERMON

"Spirit" is the subject of the Sunday Lesson-Sermon in the Church of Christ, Scientist, 1750 Manuel st.

Paul affirms in the Golden Text from 1st Corinthians (2:12), "Now we have received, not the spirit of the world, but the spirit which is of God."

Mary Baker Eddy explains in "Science and Health with Key to the Scriptures," "If the body is diseased, this is but one of the beliefs of mortal mind. Mortal man will be less mortal, when he learns that matter never sustained existence and can never destroy God, who is man's Life . . . Consciousness constructs a better body when

#### Youth Caravan Visits Seaside Community Church

"Members of the Youth Caravan teach by example. They don't say 'This is what you ought to do.' Instead they say, 'Let's do it together.'"

That's how Rev. Bill Schatz of the Seaside Community church, corner Ocean and 230th sts., explained the Youth Caravan which visited the local church last week.

The four young people who arrived have been going from community to community, including Camp Cazadero, Calif.; Pasadena; Long Beach; Los Angeles; Whittier; and Torrance setting up recreational programs, making surveys, holding Bible study groups, and general youth work.

The group consists of Robert L. Bayler of Lebanon, Penn.; Priscilla (Tonj) Thayer of Angola, New York; Gloria Kriner, of DuBois, Penn.; and Janice Smith of Lexington, N. C.

They received one week of training at the Volunteer Service Center at the Evangelical Reformed church, Pottstown, Penn. The church represents a merger of the Congregational Christian church and the Evangelical R-formed church which occurred June 25, 1957.

While here, the members of the caravan stayed with different families every day, thus getting to know the community and the congregation.

The first summer caravan started in 1948. Now there are nine caravans with 35 young people ranging in age between 17 and 25.

Adult advisors for youth activities here include Mr. and Mrs. Jack Moss and Mr. and Mrs. Irvin Pauling.

**Electric cooking keeps more juice in baked ham—because it's flameless!**

When you cook electrically there's no draft of constantly changing air because there's no flame. (Flame, you see, needs air to breathe. So a flame-heated oven constantly inhales dry air, exhales moist air—literally cooks meat in a hot draft that evaporates good juices.) In an electric oven there's no draft of dry air. You cook with moist heat. As a result, more juice stays in the meat... and the meat tastes better.

Electric cooking is far cooler, too. As much as 16° cooler. The reason is obvious: electric cooking puts the heat directly into the food, not into the room. Electric cooking is cleaner, too, because it's flameless. There are no by-products of combustion to dirty walls and darken your bright pans. Truly, it's the only modern way to cook. Why not see your appliance dealer for a demonstration of the new electric ranges?
