I'm on my way to Baker's Furniture to see about our carpeting. My neighbor just had her house carpeted by Baker's, and it looks just lovely... And when she told me how inexpensive it was, my curiosity got the best of me. Let's meet at Baker's for a cup of coffee.

YES . . .

If you live in the Torrance area your floor plan should require around 48 square yards of carpeting . . .

NOT . . .

33 1/4 or 40 sq. yds. that so many stores advertise as being average. Baker's advertises a price that is realistic. That is, a price including carpeting, labor, 40-oz. padding and 2-door chrome metal stripping for 48 sq. yds., which is about your required yardage.
