INTRODUCING... LIBERACE

ITALIAN FROZEN FOOD SPECIALTIES

HERE'S HOW IT HAPPENED:

George Liberace brought his own collection of recipes, gathered during frequent trips abroad, to a cousin of his who is active in the food business—also named Liberace. Together with George's gourmet selections and cousin Liberace's culinary skill, they worked out a practical plan for the quick-freezing of authentic Italian food favorites which are now being featured in markets from coast-to-coast. The company currently produces ravioli, lasagne, manicotti (cheese rolls), pizzas and spaghetti sauces.
