

Channel Bids Due in May to Aid Drainage

Preparation of plans for the permanent improvement of Dominguez channel between Denker ave. and Grammercy pl. is nearing completion and the project is tentatively scheduled to be advertised for bids in May, Supervisor Kenneth Hahn announced today.

This project is the second in a series designed to widen and deepen the flood control channel upstream from Vermont mont ave. to provide good drainage for the Centinela Valley.

In preparation for the permanent improvements, which will line the channel with reinforced concrete sides and bottom, the State Highway Department is now constructing a new bridge over the channel at Artesia Blvd., between Western ave. and Grammercy.

Construction of the first unit, between Vermont ave. and Denker, was completed and accepted in February.

Supervisor Hahn has urged that all improvements planned for Dominguez channel be expedited to give relief to the Centinela Valley, which was hard hit by the recent storm.

As a result, construction of the third unit, between Grammercy and Redondo Beach Blvd., is now being planned to go to contract next year.

The improvement between Denker and Grammercy will include a new bridge over the channel at Grammercy. Construction of the third section will include new bridges at Arlington ave., Crenshaw Blvd. and Redondo Beach Blvd.

Supervisor Hahn pointed out that the culverts under these streets now are inadequate to carry the heavy flow of water in the channel during storms. As a result, debris jams up against the culverts and causes the water to back up and overflow the channel banks.

Plans for all improvements to the channel call for widening the banks to 75 feet, with construction of concrete sides 18 feet deep.

Explorer Scouts to Take Part in Road-Day-O

Explorer Scouts will have the opportunity to drive a brand new automobile over a well handled course, get the inside dope on what questions are asked on the driver's written examination, test their skill at parts in the field of auto safety at the third annual Explorer Road-Day-O on Saturday, March the 22nd.

The Road-Day-O will be held at the Hollywood Park Turf Club in Inglewood, and will include over 400 Explorers from the Los Angeles Area Council, Boy Scouts of America.

Uninformed explorers will check in at 9:30 a.m. First on the agenda will be the opportunity to take a standard drivers written examination. The exam will be graded, and missed questions can be discussed with qualified examiners.

A visual acuity test will be followed by a movie on traffic safety.

Recreation Aide Goes to Denmark to Attend College

Harry Fralich, 23, doesn't mind traveling far and wide in search for education.

A recreation leader at Torrance Park for the past year, Fralich, of 1226 Hickory ave., leaves Sunday for Denmark in order to enroll in the University of Copenhagen.

Previously he has studied at the University of Mexico and Hawaii. In addition, he has logged several thousands of miles on trips to Japan and China and Canada.

Fralich believes that classroom study alone is not what he wants. He likes to visit the out-of-the-way places and talk to other people in quest for better understanding.

He intends to return to California and finish his education here, but his plans are still indefinite.

El Nido PTA

By Mrs. Amos Chadwick Plans for another rag and paper drive were formulated at the El Nido PTA board meeting held at the home of Mr. and Mrs. Roscoe Colclasure, 18430 Anis st., on March 6th.

The February hot lunch was reported a complete success and a combination hot lunch and bazaar was outlined by the Ways and Means chairman.

Mrs. Amos Chadwick presided at the board meeting with Ira Hon reading and taking the minutes in the absence of the secretary. The Inspirational Message was read by Mrs. Philo Mellor.

A book drive to be held during National Book week, March 16-22 at El Nido.

Mrs. Chadwick and William Forrest announced.
