### Cubs Visit Douglas Plant

The Cub Scouts of Alondra Park Pack 853C met Sunday afternoon, March 9th at the Roosevelt School for a planned tour of the El Segundo Division Facility of the Douglas Aircraft Company.

The twenty eight boys of the pack were thrilled with the opportunity to observe at first hand not only the completed assembled aircraft but also to see the many steps of forming parts for the air frame, its partial assembly and the tools, dies, and jigs which accompany the construction of the aircraft.

Probably of greater interest than all else was the handful of scrap nuts, bolts and screws gleaned from the floors and the runways. To make sure that the Douglas inventory of planes was not depleted, the boys were escorted by Mr. and Mrs. James Maloney, the Louis Tobey's, Johnsons and Dunlap's, Mr. Archie Porter, James Assels, and Robert C. Cahall.

**Fashion Fun**  
By MAUDE MILLER

It's an interesting season indeed... at least fashion-wise! There is a new casualness to afternoon and evening clothes, and a new elegance to casual clothes.

Sometimes, as the old saying goes, you can't tell the players without a program! Whether you think the new styles are good or bad, you certainly can't be indifferent to them.

I had the delightful experience this week of having half a dozen people thrust pictures of the new French and Italian couturier lines at me and snarlingly demand if I called this fashion...

What precisely is the new look? Basically it's supple and rounded... easy, gay and youthful looking. But... and we feel we can't emphasize this too much... variety is the spice of fashion life!

With the new suits for Spring we're pleased to report the return of the very simple "Suit" hat. Especially in and particular, the round, worn-off-the-face Breton sailor or roller has come into its own.

All eggs (three per child involved) will be left at the WALTERIA Drug Store, owned by Bert Levy, by Saturday afternoon, March 29th, and Mrs. Appleyby will pick them up late Saturday, preparatory to handling the "hiding" early Sunday morning.

The first regular meeting was held at the home of Mrs. Max Appleyby, 5404 Reese ave., Torrance, Thursday evening at 8 p.m., March 6th.

Mrs. Appleyby and her special committee on drafting of the By Laws of the group had prepared same which were read and adopted. The members in attendance passed on the adoption of changing the regular meetings from a twice-monthly to a once-monthly affair.

This was done to enable more members to join and have an actual active membership, rather than stand by the originally discussed twice-monthly meeting arrangement, and have the two meetings sparsely attended. The meetings will be the second
