JOE LITTLEFIELD
 WILL BE AT THE TROPICAL BOWL NURSERY SAT., MAY 24

The Tropical Bowl Nursery will hear a talk by Joe Littlefield, one of the Southland's foremost garden authorities, during its 2nd Anniversary Sale, on Saturday, May 24th at 2457 Lomita Blvd., Lomita. Mr. Littlefield is famous for covering his subject both authoritatively and entertainingly. Joe Littlefield's enthusiasm for gardening, and sincere interest in the home gardener's problems, are reflected in both his lectures and the articles he contributes to leading garden magazines. The lively informality of his talks enables him to hold the attention of both expert and beginning gardeners.

From twenty-five years of "dirt-under-the-fingernails" experience, Littlefield has distilled a practical gardening philosophy which stresses fundamentals. "How to garden successfully," he maintains, "can be learned far more easily than many games. And, as in many games it is following through conscientiously on a few basic principles that produces winning results."

KEYS TO BETTER CALLING — how we improve service and keep your out-of-town calls low in cost

Today, your long distance calls can go through in seconds where it once took minutes. Why? In most cases, operators like those in the top picture speed your out-of-town calls straight through with push-button dialing. Or perhaps you live in a place where you dial them direct yourself. And today's fast long distance phoning is yours at low cost, too. We've made it that way with radio-relay and cable networks that carry thousands of calls at once. With tiny transistors that cut down space and power needs. These improvements have helped us make long distance phoning a pleasure anytime. A pleasure, as the box at the right shows, that's priced right for everybody.
