Home Show Set Here Sept. 5

Torrance's own Home Show will be staged September 5, 6, and 7 in the Civic Auditorium according to Wes Bagnell, of Wes Bagnell Productions, producers of the show. The Home Show is being sponsored by the Retail Merchants Division of the Torrance Chamber of Commerce. "The Home Show will give the residents of Torrance an opportunity to see the latest in 'things' for the home, around the home, automobiles, boats and sporting goods," says Bagnell. Highlighting the gigantic three-day event, which runs daily from 1 p.m. to 10:30 p.m., is the fabulous program of entertainment. Personalities of stage, screen and television will appear in person. Each night there will be a different program of entertainment. Among the many fabulous prizes to be given away are a trip to Hawaii and a trip to Las Vegas. "This Home Show is different in most respects from any home show ever held anywhere. This show has been planned for Torrance people and the merchandise displayed will be shown by local businessmen and the merchandise is tailored to the everyday living needs of Torrance people," states Bagnell.

Arlington Speedup Ordered

Opening of Arlington Ave. from 190th to 203rd Sts. with maximum speed, was ordered by the City Council Tuesday night. The city fathers authorized the expenditure of an estimated \$21,000 as the city's share to relocate lines of the General Petroleum Corp. and the Dominguez Water Co., as the first steps in the opening of the major north-south arteries. In reply to a question by Councilman Willys Blount, City Manager George Stevens said that so far \$90,000 had been spent to open the street. "The way it is, we're not getting any value for the money," declared Blount. City Engineer Ronald V. Bishop listed a number of necessary easements which would have to be obtained by the city before the street can be constructed all the way to connect with the existing road in downtown Torrance. The most immediate of these will be the relocation of the pipe lines.

Golf Lessons to Be Offered by Recreation Dept.

Beginning this week, golf lessons will be offered to teenagers and adults by the Torrance Recreation Department. Lessons for the teenagers will be free, whereas the adult lessons will carry a fee of 25c per session. The teenage classes will meet twice a week on Wednesdays and Thursdays for a period of three weeks. Each class will have six students, so register as soon as possible for the class of your choice to insure a place on the list. Three series of classes will run during the summer; each series will contain four classes. The three series are: July 9 through July 24, July 30 through August 14, and August 20 through September 4. Each series will have classes at the following times: 8 to 8:30 a.m., 8:30 to 9:00 a.m., 9:00 to 9:30 a.m., and 5:30 to 6:00 p.m.

In addition to the free lessons, the Sea-Aire Teenage Golf Club, sponsored by the Torrance Recreation Department, invites interested teenagers to join and participate in their activities which include tournaments, trips and social activities. The outstanding event of the summer for the teenagers will be the club championship tournament at the end of the summer. Perpetual trophies are to be donated by the Alondra Optimist Club, one for the boy and one for the girl champion. Membership is 50c a year. Monthly passes may be purchased for 50c and enable the bearer to ten rounds of golf.

155 New Teachers Hired by District

A total of 155 new teachers and other certificated personnel have been hired for the new school year by the Torrance Unified School District, according to school officials. Some 35 positions remain to be filled. Torrance's growing school population—about 23,800 strong—will be supervised by nearly 900 teachers and administrators this fall. Last September, the district employed some 825 teachers and administrators. Robert C. Morton, director of personnel, said that teacher recruitment has progressed about as usual and that the remaining 35 positions will be filled soon.
