

### Set Boundary Of Lomita Civic Center Land

Definite boundaries for the proposed Lomita Civic Center were set today by Robert B. Heuer, head of the County Real Estate and Property Management Department.

At the request of Chairman Burton W. Chace of the Board of Supervisors, Heuer conducted a study of the County's projected seven-year needs so that the owners of property near the site would be definitely advised of the County's intentions. Property which Heuer recommends be subject to condemnation is comprised of approximately 4.8 acres located East of Narbonne avenue and South of 242nd street.

The report recommends that Lots 13, 14, 15 and 16 ultimately be acquired in their entirety and that "any prior thought of acquiring Lots 9, 10, 11 and 12 be abandoned."

### No Fare Hike Recommended for Torrance Buses

Present fares on the Torrance Municipal Bus Lines should be retained, Superintendent M. A. Chamberlain recommended to the City Council Tuesday.

In a report he made in answer to a suggestion for a possible fare hike, Chamberlain pointed out that Torrance bus fares are already higher than those of competing firms except on the Long Beach route.

His study shows that the Torrance line charges 45 cents as against 35 cents by the Gardena Municipal bus line between Torrance and Los Angeles.

A fare hike was seen as one way to close the gap between costs and revenues of the city line.

### Rolling Hills May Contract for City Police

Possibility that Torrance may render police protection to a neighboring city, was contained in a letter received by Mayor Albert Isen this week.

Gilbert B. Myers, city clerk of Rolling Hills, said he is interested in finding out how Torrance officials would feel about providing law enforcement services to the gated city.

"This is simply an exploratory measure to see whether it would be to the mutual advantage of the two cities," Myers wrote.

Rolling Hills presently contract for police protection from the Sheriff's Office.
