Rev. and Mrs. Lowen accepted the pastorate of the Torrance church five years ago. It has been through their leadership that the property was purchased and the building program completed. A parsonage, a two auditorium education building and the new sanctuary have been built during that period, the pastor often doing physical work on the building as well as carrying on the business administration.

Through generosity of members and friends of the church, the buildings so far erected are debt free. The public is invited to attend the dedication services.

### 'Mind' Is Sunday Sermon Subject

"Mind," its infinitude and perfection, is the subject of the lesson-sermon on Sunday in all Christian Science churches. That Mind is not encompassed in the body, but its qualities emanate from God, is repeatedly found in passages from the Bible. According to Christian Science, Mary Baker Eddy states a passage from "Science and Health with Key to the Scriptures," "The only real senses of man are spiritual, emanating from divine Mind. Thought passes from God to man, but neither sensation nor report goes from material body to Mind. The intercommunication is always from God to His idea, man" (p. 284). The Golden Text from Psalms (67:3, 4) declares, "Let the people praise Thee, O God; let all the people praise thee. O let the nations be glad and sing for joy; for thou shalt judge the people righteously, and govern the nations upon earth."
